BALD HILL ODD FELLOWS KNOW HOW TO DO IT

On Tuesday evening October 7th, the Odd Fellows of Bald Hill lodge met in regular session and after the preliminary business District Deputy Haines of Curwensville in a very impressive manner installed a splendid class of young Odd Fellows in the various offices. The lodge room was well filled with Odd Fellows from different places.

The Noble Grand then called on District Deputy Haines for an address and in well chosen words he called the attention of Odd Felolws to the critical condition of our country and urged them to be thoughtful and loyal to the principles upon which the order was founded.

Addresses were made by members from Williamsburg, Curwensville, Clearfield and Karthaus.

When the lodge was closed in proper manner, the members were asked to give the room over to the ladies who soon transformed it into a dining hall with two long tables laden with the best good things to eat that the land affords. After the blessing by Rev. Price all were seated and the manner in which Brother Aaron Murray urged all to partake and the manner in which it was accepted by Brother Yothers was something not to be forgotten and if any one went away not satisfied they have yet to be found.

After wishing Bald Hill lodge a prosperous year all went to their homes hoping to be able to attend the next banquet of Bald Hill lodge.

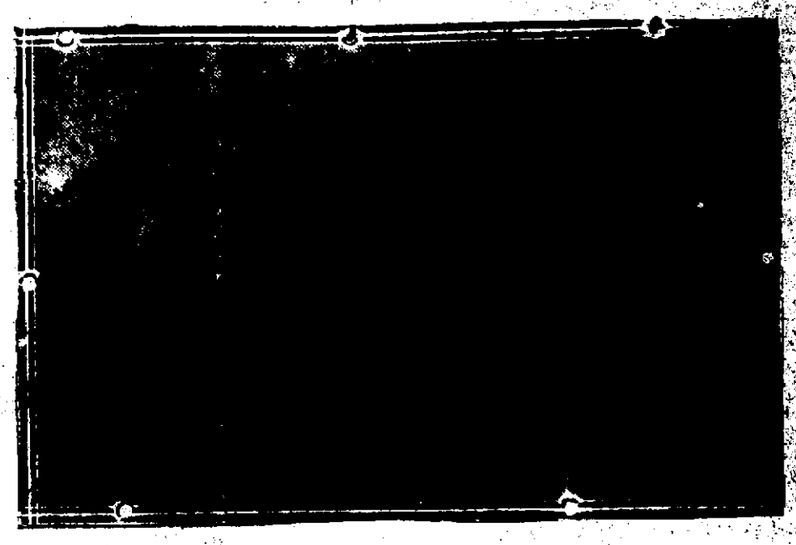
VISITED COUNTY HOME

Twenty members of the local W. C. T. U. assisted by Rev. John C. Collins of Eleventh street, held a very interesting meeting at the county home Tuesday afternoon and were very graciously received by the steward and matron Mr. and Mrs. W. E. Davis.

Rev. Collins gave the inmates an interesting talk, his subject being "Smiles," while the President gave a couple of interesting recitations. Both old and young appeared to greatly appreciate the treat given them.

In Russia, certain peasant costumes are trimmed with the skins of the turbot, and in Egypt, men wear sandals made from the skins of fish caught in the Red Sea.



EX-KAISER ALL "DOG IN" AT NEW HOME---It begins to look as though Wilhelm, former "war lord" of Germany, isn't putting much faith in the plans of the Allies to bring him to trial. He has been living at Amerongen Castle in Holland since he fled from Berlin, but now he has bought a place of his own. Above is the Castle of Doorn, near Utrecht, Holland, which the ex-Kaiser has bought and which he will make his permanent residence.

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The *extra* miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

United States Tires are Good Tires

We *know* United States Tires are good tires. That's why we sell them

"VIRTUOUS MEN IS A BIG PHOTOPLAY

One of the most important productions of the year has been secured for the patrons of the Driggs Theatre by Manager Driggs, and will be presented as a special attraction, Thursday and Friday. "Virtuous Men" is the production. It stars E. K. Lincoln, was personally directed by Ralph Ince and contains one of the most notable casts ever assembled before the camera.

"Virtuous Men" was conceived by A. H. Sawyer and Ralph Ince. It tells a virile story of melodramatic "punch." The picture was over seven months in the making, and is the supreme effort of Ralph Ince, whose name has been linked with a series of unbroken screen successes. It has many scenes and forms an engrossing film entertainment.

The management of the Driggs Theatre states that "Virtuous Men" cost over $150.000 to produce. Five cameras were used to insure photographic perfection; thirty massive and unusual sets were constructed for the production under the direction of Charles Chapman; five distinct spectacular effects, costing thousands of dollars, mark the unfolding of the story and over 10,000 supernumeraries were used by Ralph Ince in many scenes.

The star role will be interpreted by E. K. Lincoln, supported by Clara Joel, Broadway favorite; Grace Darling, W. B. Mack, Robert W. Cummings, William Blonkhall, Edward Talbot, Irving Brooks, William Cohill, Danny Hayes and others well known on stage and screen.

DEATH FOLLOWS ON TRAIL OF ARMY AVIATORS FLYING ACROSS NATION

NUMEROUS ACCIDENTS ATTEND THE TRANS-CONTINENTAL DERBY WHICH BEGAN YESTERDAY MORNING

STORMS FORCE MANY LANDINGS

NEW YORK, Oct. 9—The second day of the 6400 mile trans-continental aerial race opened with 5 of the 72 planes eliminated through accidents. These mishaps resulted in the death of three aviators and the injury of one. In addition to the five planes which met with accidents three were officially listed as missing.

Going Some

DES MOINES, IOWA, Oct. 7—Leut. Maynard, flying in the trans-continental aerial derby arrived at Derring field here at 10:54 a m. today. He made the 158 miles from Rock Island in 105 miles.

ERIE, Oct. 9—Four aeroplanes were forced to land due to the high winds from Lake Erie at North Girard, 50 miles west of this city.

CLEVELAND, Oct. 9—Plane No. 45 west bound in the trans-continental aerial derby fell into Lake Erie several miles out of Ashtabula harbor this morning according to a wireless from a Canadian steamahi company received at Martin Field here. Both occupants were picked up and are being brought in, the wireless said. The aviator is Lieut. O. H. Hinds, pilot and Lieut. R. K. Matthews, passenger.

LOCKPORT, N. Y., Oct. 9—Lieut. H. E. Smith in plane No. 48, a De Haviland Liberty, lost his way in a rain storm en route to Rochester from Buffalo and landed in a field at the south end of this city at seven o'clock today. He started again and the field being too short he crashed into an apple orchard wrecking the machine. Lieut. Smith and his passenger escaped unhurt. The machine was wrecked.

SLIGHT IMPROVEMENT OF YESTERDAY IS CONTINUING SAYS DR. GRAYSON

WASHINGTON, Oct. 9—President Wilson's condition is improving slowly, Dr. Grayson said today. The statement issued just before noon said "While there is no material change in the President's condition a slight improvement noted yesterday continues.

WASHINGTON, Oct. 9—President Wilson spent one of the most comfortable nights he has had and is apparently improved according to Secretary Tumulty today.

ALTOONA RAILROADERS STRIKE

ALTOONA, Oct. 9—Seventeen hundred Pennsylvania railroad round house employes struck last night in this city and Hollidaysburg.

LONGSHOREMEN OUT AGAIN

NEW YORK, Oct. 9—Shipping with few exceptions was tied up along the whole New York water front today as the result of an unauthorized walkout of longshore men which began Tuesday. It was estimated today that 35,000 men are one strike.

KING GEORGE EXPECTED TO SIGN PEACE TREATY SOON

LONDON, Oct. 9—Ratification of the peace treaty by King George is imminent it was stated here today.

The family crest of the Greys is a scaling ladder and Viscount Grey, the new British Ambassador at Washington, seems early to have determined to live up to it. For the famous Bishop Creighton, hwo was one of his first tutors, has left it on record that, as a boy of thirteen, he was ensumed with an overmastering desire to learn, and a capacity for hard work that was simply astounding in one so young.

JOHN SHADE

John Shade who died at the home of his daughter in Lock Haven, Pa., on Wednesday, October 1, 1919, was a resident of Clearfield for almost twdo score years. With his family he came to this place about 1882 from Huntingdon county and was employed at the tannery for many years. He was always an industrious, hard-working man and good citiezn, enjoying the unbounded respect and esteem of all who knew him.

Following the death of his good wife in 1913 he removed to Lock Haven where he had since made his home with his daughter. He was 86 years of age at the time of his death.

He is survived by four sons and two daughters viz: James and Edward, of Clearfield: Thomas, of Huntingdon and Augustine, of Portland, Oregon; Mrs E. W. Kennedy, of Jersey Shore, and Mrs. J. E. Haliora, of Lock Haven.

The remains were brought to Clearfield and the funeral held from St. Francis Catholic church with interment in Calvary cemetery.

RECEIVES FINE PROMOTION

Deputy Revenue Collector J. Mitchell Gardiner, of West Market street, was last week promoted by Internal Revenue Collector Llewellyn to the position of General Deputy for the district composed of Clearfield, Cambria, McKean, Elk, and Cameron counties. Mr. Gardner's official title now is General Deputy and he has charge or supervision over all the Deputy Revenue collectors in the five counties named.

LIEUT. PAUL PERICORD NOT KILLED IN ACCIDENT

Several weeks ago a report reached Clearfield that Lieutenant Perigord had been killed in an automobile accident at his home at Stillwater, Minn., and because it was known that Lieutenant Paul Perigord of the French army, who delivered several lectures in this city, lived at Stillwater, it was presumed in some sources that the victim of the accident was the noted hero.

However, word just received from Stillwater, from Lieutenant Paul Perigord's father states that it was his son, Jules Perigord who was killed and not the lieutenant who spoke here.

Lieutenant Paul Perigord is now on duty in a United States army camp in New Hampshire.

FOURTH WARD RESIDENT DIES

James Barone, the aged father of Samuel and Louis Barone, died at the home of his son Louis, on Daisy street early Monday morning last, of the frailties incident to advanced years, in the 85th year of his age.

The deceased was a native of Italy, and came to Clearfield to reside with his sons some twenty one years ago. He was a quiet inoffensive man, well thought of by all who knew him.

He is survived by the two sons named and one daughter, Mrs. Annie Toney, of Buffalo, N. Y.

The funeral occured Wednesay morning, a requiem high mass being celebrated in St. Francis Church. Interment in Calvary Cemetery.

REAMS—BANKS

At the Lutheran Parsonage, by Rev. C. W. Baker, Mr. Harold R. Reams, of Luthersburg, Clearfield county, Pa., and Miss Alma Blanche Banks, of Chambersville, Indiana county, Pa., were united in the holy bonds of Wedlock on Monday morning, October 6th, 1919. The very beautiful and impressive Ring Service of the Lutheran Church was used. The young couple were unattended. The groom had but recently returned from military service overseas. Their many friends join in wishing them many happy years together.

Rev. W. H. B. Carney, D. D., pastor of the DuBois Lutheran Church, is the guest of Rev. C. W. Baker today.

LETTER TO EDITOR

Clearfield, Pa.

Editor of Progress:

I am a patient of tuberculosis and have been for some time. My first doctor and nurse are both dead, Dr. Stewart and Miss Williams, or Mrs. Clees, of the state sanitarium. I never tried to keep the people from knowing my disease for those who keep it a secret and run around town are the ones who fill the sanitariums. I go to town at times but carry a box to spit in. The disease is not any worse than any other, if the people would not be ashamed of it and tell people they have a cought from cigarettes or a cold. I slept with one of those fellows 5 years ago who told me he only had a cold. He died with the disease some time ago—one of our town boys.

I have been at the Cresson sanitarium twice. It's a good place for a lunger but do not try to blame me for not staying. Not that I think I am better than other people but I am as good, that is why I am not there.

Now there are lots of people who need help in our own town. 1 quart of milk and 2 eggs would be a great help to each patient each day.

I think our people of Clearfield ought to look after some of these cases and get behind these as well as to to help the Jewish people for we need it and there are lots of us who have spent our money here.

FIRST SHOOTING ACCIDENT OF 1919 SEASON

The details of the first fatality in Clearfield county for the hunting season of 1919, in which Fred Fontenoy, of Covington township, lost his life, show that Mr. Fontenoy and a young man named Guenot, his brother-in-law, were hunting in the woods near their home. The two men entered an old mine in the woods with Fontenoy in the lead and Guenot immediately behind him. Fontenoy stepped on a rotten board, which broke with his weight and the rear end flew up, tripping his companion. Guenot stumbled and in the fall, his gun was discharged, the full load of shot striking Fontenoy in the calf of the leg, literally tearing the leg away.

The injured man was conveyed to his home, and as the telephones in the lower end of the county were out of commission, a messenger was dispatched at once to Karthaus for a doctor. The doctor was unable to reach the terribly injured man until more than four hours after the accident, and by that time he was so weak from blood, medical aid was of no avail, and he passed away shortly after.

PAY NO ATTENTION TO ORDINANCE

Automobile drivers pay no attention to the traffic ordinance relative to the operation of all vehicles during the time of a fire or the sounding of the fire alarm. The ordinance provides that all vehicles must stop on the approach of the fire apparatus. Yesterday afternoon, no less than ten violations of this provision were reported by the firemen, and prosecutions are likely in each case.

COLLEGE ORCHESTRA GOES TO PHILIPSBURG

The Susquehanna College of Music orchestra contributed no little part to the success of the play "Experience" last evening, and their performance received much favorable comment, not only from Clearfield people, but from the members of the "Experience" company. The musical director was warm in his praises and engaged the orchestra for the performance this evening in Philipsburg.

BONNIWELL WINS

LANCASTER, Pa., Oct. 8.—Eugene C. Bonniwell, of Philadelphia, was elected president of the Pennsylvania state firemen's association for the fourth time, defeating Howard O. Holstein, of Harrisburg. The vote was Bonniwell 4141 and Holstein 1171.

GOMPERS PROPOSES ARBITRATION OF STEEL STRIKE TO CONFERENCE

SUGGESTS ONE MEMBER FROM EACH GROUP OF COUNCIL FORM BODY TO ADJUST DIFFERENCES

TWO MEN AT DONORA SHOT TODAY

WASHINGTON, Oct. 9—Immediate arbitration of the steel strike was proposed to industrial conference today by President Gompers of the American Federation of Labor. Gompers suggests that the conference appoint an arbitration board to mediate the strike and the strikers return to work pending a settlement.

Under Gompers' plan each group in the conference is to select a representative for the steel strike arbitration board.

PITTSBURGH, Oct. 9—Two strikers were shot early today when state police broke up a mob which attacked negro workmen at the plant of the American Steel & Wire company at Donora near here. Many persons were bruised and battered in the clash, some of whom were seriously injured.

Leaders of the strike today protested against the alleged circulation of hand bills in which the strikers are urged to collect benefits due them from strike headquarters. Union leaders declared these bills are distributed by operators in the hope of creating dissension between the strikers and leaders. In some districts strike leaders announce that many foreigners are storming the offices of strike headquarters in compliance with the circulars.

The situation here remains unchanged. Operators assert hundreds of workmen are coming from other cities here to enter the mills. The union leaders maintain their lines are holding.

Secretary William Foster of the national committee declared the raid on union headquarters at Wierton, W. Va., was a concerted scheme to evict striking steel workers.

A western mayor thought he would get a lot of glory out of shouting "To H—— with Kings" when he was asked to invite King Albert to his city. He was mistaken badly. Wonder what our townsman thought when he said "To H—— with the Jews."

DREYFUS 60 YEARS OLD

Sixty years old today is Lieut.-Col. Alfred Dreyfus, who has been decorated as an officer of the Legion of Honor in recognition of his services in the war. Twenty-five years ago, it will be recalled, this same Alfred Dreyfus, then a captain in the French army, was the central figure in a sensational case that long held the attention of the world. It was on December 23, 1894, that he was sentenced to life imprisonment on Devil's Island, following his conviction by court-martial on a charge of selling military secrets to Germany. Following the confession of Col. Henry that he had forged some of the evidence against Dreyfus, a new trial was ordered in 1899. He was, however, again convicted on September 8 of that year and sentenced to ten years' imprisonment. He was pardoned, however, a week later. The Supreme Court of Cassation later found him innocent of the charges against him and he reentered the army with full citizenship restored.

TAKING CARE OF OUR OWN

In this issue we publish a communication from a tuberculosis patient in which it is inferred that sufferers from that malady are not getting the care and attention which they should have. If this be the case, then the charitably inclined of Clearfield have been using long distance glasses in search of good deeds to do and neglecting to take care of the needs around them. Fresh milk and eggs are the daily need of the tubercular person and inasmuch as the sufferer is prevented by his disease from working it behooves the people of the community to see that they get the nourishment and care which they must have to live.

If the people of Clearfield have been derelict in their duty towards these people it is time that we are finding it out and that steps be taken to insure a full daily supply of fresh milk and eggs to these people who by force of circumstances are unable to obtain them. The true state of affairs will be ascertained and if it is found that there has been neglect we are quite certain that Clearfielders will take the necessary steps to relieve.

This local condition should not in any way affect our relations with the Jewish Relief Camaign any more than that it ought to stir us to greater endeavor along these lines.

BALD HEADS AT PEACE TABLE

An amusing sidelight on the recent Peace Conference at Versailles is thrown by an American correspondent, who not only reported the proceedings proper, but took notes regarding the hair, mustaches, beards and whiskers of the peacemakers.

Two-thirds of the delegates were more or less bald. Perhaps some of them made up for this by wearing mustaches. Out of the sixty-five men who sat around the eace table, all had mustaches but fourteen

Whiskers, on the other hand, were not popular. Only three people wore them, and by a curious coincidence, the names of all these three people began with V. They were Venizelos, of Greece, Vandervelde of Belgium, and Vassitch of Serbia. The latter's whiskers were particularly prominent

In regard to dress, here was less formal attire than one might have imagined. The English paid no special attention to dress Bowler hats and frock coats, once a combination that would never have been sanctioned, were quite popular; but there were some countries which put all they knew into their attire. These were, notably, the Japanese and some of the South American states.

Button boots and lace boots, we are told, came out even.

Washing Clothes without Ammonia

Have you ever watched the washwoman at work? If you have you've seen her using heavy yellow soap for this, washing soda for something else and very likely more or less ammonia at all times.

This is because most laundresses haven't learned the dangers of ammonia. It is an alkali—a caustic. Laundries used it once, but their studies of washing compounds and textiles have since taught them better.

The abolishment of ammonias from our laundry is just one of the many refinements and improvements that we have effected for your benefit in recent years.

It explains why we lay so much stress on our superior means of sousing and rinsing in clear soft water and heavy suds of fine white soap.

We relieve you too of all the hard work of washday—give you time for the lighter and pleasanter duties of the household; time for the bigger things that are calling woman.

Telephone us and we will send our driver for your family bundle.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even Chronic cases of 20 to 30 Years standing, with profuse bleeding, have been completely cured in from three to ten days

No discovery of recent year in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists at Miro Pile Remedy

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble

This prescription although taken internally is not digested in the stomach but is rapidly passed on unchanged to the intestines in a short time reaching the exact place where by its soothing, healing action it first allays all inflammation and then by direct contact with all ulcers and piles causes them to heal and disappear forever

It is positively marvelous how speedily it acts Blessed relief often comes in two or three days at most even in cases with profuse bleeding that have resisted all known treatments and operation really wonderful results have been accomplished

The author of this amazing discovery declares all sufferers to know that he does not want a cent of anyone's money unless Miro Pile Remedy decisively conquers even in the worst cases and he has instructed druggist all over the country to guarantee it in every case of blind bleeding or protruding piles

IMPORTANT What is known as itching piles are not piles in the true sense of the word although this condition may accompany a true case of piles For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

Blanket Sale Extraordinary

If You Could See How The Blankets Are Going Out

You, too, would become eager to have your share of the finest blankets produced and at the same time share in the wonderful savings.

Prices are extremely low and we couldn't go into the market today and buy equal grades to sell for so little.

We began our fall blanket sale with over 1000 pairs of blankets bought last January during a break in prices. We invite inspection before you purchase. All our blankets are perfect.

White, tan and grey with colored borders; pretty plaids in a full variety of color combinations.

Soft Finish Cotton

These soft finished cottons are our best sellers, and we know that you will be well pleased with the good appearance, warmth and service of these blankets. They are woven of good cotton yarn and have shell stitched edges and colored stripe borders. Size 60x76 per pair $2.69

White Cotton Blankets, Or Bed Sheets

These soft finish cotton blankets or bed sheets are very much in demand for use in cold weather in place of muslin or linen sheets, unless you have used these blankets you have no idea how much warmer they are than ordinary sheets. Plain white, in good sizes. Special each ..... $1.49 per pair $2.98

Extra Large Cotton Blankets 64x80

A very special number in the blanket line. It is of the quality usually sold at $4.00 or over. Made entirely of high grade cotton and very well finished, striped borders and stitched edges. Colors are white, tan or grey, each with a harmonizing border. Special while they last per pair $3.50

Wool Mixed Blankets

Serviceable blankets made of good quality wool and cotton yarns, finely woven together. Ends are bound with mohair. Colors are white, tan or grey, each with pink or blue border. Size 66x80, per pair $6.50

Fine Quality Blankets Of Wool and Cotton Mixed

These contain enough wool to look and feel like an all wool blanket. Ends are well bound and they come in an assortment of colors. Special per pair $10.00

All Wool Plaid Blankets

Fine quality all wool guaranteed blankets, handsome in appearance and so serviceable that with ordinary care they will last you several years. Woven from all wool yarn and have a long soft nap. Colors are pink and white, grey and white, tan and white and blue and white. All have lockstitched edges. Special per pair $12.50

All Wool Stripped Border Blankets

Don't miss these, made of all wool yarn with a good soft nap, insuring the greatest possible warmth. This blanket cannot be duplicated at the price today. White with pink or white with blue borders. Size 68x80. This is the celebrated Muncy blanket 100 per cent. white at $13.50

Smart Little Hats For Little Girls

For girls from the age of 5 to 10—these little creations are just the thing—on velvet hats are little ribbon streamers and dainty French flowers.

Many hats harmonize with the coats in color—a thing so many mothers desire in children's dress. $5.00

Fine Gingham Dresses For The Same Little Girl

For home and school or kindergarten—saucy little garments in neat checks, stripes and plain chambrays, with long sleeves, high waist effects and full skirts.

They're well made in every detail. We encourage strict examination of both material and workmanship. Priced from ..... $1.35 to $5.50

Charming Fall Coats For Every Little Girl

The rounded yoke style that extends over the shoulder seems to be the most popular style—it is seen with belts—and some with capes. Even fur is much in evidence and is used in much the same manner as on coats for grown-ups. Silvertones, velvets, serges and others priced from ..... $6.75 to $19.50

Beautiful Shapes and Wonderful Values in Millinery

There are hundreds of new styles in vogue. Hats of odd shapes, long and short, irregular lines and tailored, but all graceful and good looking. Off the face hats are in demand; there are plenty pretty pokes, side rolls and Tam O'Shanter effects are stylish. Real Velour hats are also popular, but we have them all here, and it's for you to choose from.

Come and see for yourself. The prices are reasonable.

Millinery Department 2nd Floor

Never Were Leitzinger Suit Values More Attractive, Or Styles So Beautiful

This season's style features are very easily apparent. Viewed from any angle they are simply entrancing.

Particularly noticeable among them are the all wool kerseys, a soft napped material, finished like a heavy broadcloth. Wide collars stand high in the back. Deep cut sleeves give a draped effect. Price $27.50 to $35.00

Another, if you appreciate value is the all wool velours. We can recommend them as all around fall and winter coats. Both handsome and warm. Made of all wool velour of good quality, smart collars and cuffs. Colors, navy blue, brown or black. Special price $42.50

The woman who wants new and fashionable style and individuality combined with a good serviceable material will find it in these coats of genuine Yukon seal plush. New styles and graceful lines mark this line of coats as out of the ordinary. Lined throughout with serviceable lining guaranteed to give two seasons wear. Special price from ..... $35.00 to $70.00

SPORT NOTES

Baseball fans at Cincinnati paid over $100,000 dollars to see Tuesday's world series game between Cincinnati and Chicago It was the first time in the history of baseball that the receipts from one game reached the hundred thousand dollar mark

The receipts of the first five games will be divided among the players in the world's series this year, thanks to the new nine game schedule Another innovation this year gives the first three clubs and their players in each league a slice of the returns from the series games

U. S. WANTS HELP OF BOYS AND GIRLS

Secretary of Treasury Asks Them to Shape the Nation's Future.

School boys and girls of America have been honored by a direct appeal for assistance from one of the highest officials of the United States Government Carter Glass, Secretary of the Treasury and a member of the President's Cabinet, recognizing that the future of the nation will be controlled a few years hence by the boys and girls of today, has asked them to build up habits of industry and saving which will be a permanent influence for national welfare.

Secretary Glass' appeal reached all school boys and girls of Pennsylvania, New Jersey and Delaware through their teachers on Friday, October 3, which was made National Thrift Registration Day in the schools, when the boys and girls pledged themselves to save money regularly and invest in Government Thrift and Savings Stamps

The War Savings Division of the district is anxious that every boy and girl should possess a copy of the Secretary's letter With the co-operation of the newspapers the letter is now printed in full and every boy and girl is requested to keep this copy of it, study its suggestions carefully and do all in their power to give the Secretary of the Treasury the assistance he so confidently expects from them.

The Secretary of the Treasury.
Washington
September 23, 1919

To the School Boys and School Girls of America.

In addressing the twenty million or more school boys and girls of this country, I am addressing the citizenship—the business and professional men and women, the producers and consumers and the home makers of only a few years hence The responsibility of all the problems of our country will ultimately fall upon you The spirit of patriotism and helpfulness which you displayed during the world war has proved your fitness for your future responsibility Your record in production of needed materials during the war, your saving of food and money, and your investment in Government securities is a record of which every American citizen is justly proud

It is the earnest desire of your Government that you should continue to practice and make permanent those same habits of industry and economy, that through your influence and example America may soon become a Nation of savers and cease to be a wasteful Nation, that this may be a Nation of people who always save some part of their earnings, who spend money with greatest care, and who invest what they save in some safe place

I am glad to see that our school boys and girls have continued during the vacation months to save their money and are buying Thrift and War Savings Stamps, thus laying aside a portion of the money they earn for some future purpose, and while they are continuing to render some service to their Government, they are at the same time providing for their own needs

The habit of earning and saving money is a most interesting and happy one I am sure that this habit has become so fascinating to you that you will continue to earn and to save through all the months and years to come and keep investing what you save in Government securities

It is my personal hope that the lessons of thrift that you are being taught in your school may help you to develop in your life permanent habits of saving and thereby lay a foundation for your personal happiness and usefulness and ultimately for a bigger and better America

Sincerely yours
CARTER GLASS

Extravagance lots character, turns youth away from it On the other hand, the habit of saving money while it stiffens the will also brightens the energies If you would be sure that you are beginning right, begin to save—Theodore Roosevelt

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Samuel Smith was operated on at Clearfield Hospital last Saturday, by Dr. Cowdrick. He stood the ordeal quite well and expects to be very much benefited in health within the next month.

Mr. and Mrs. C. W. Censor, of Niagara Falls, are visitors in the home of Mr. and Mrs. R. V. Miller.

The Ladies' Adult Bible class of the M. E. Church, gave another one of their delightful socials in that edifice Tuesday evening. The event had been staged as a moonlight picnic at the Pee Wee's Nest, but the chilly evenings altered such an arangement, hence the change.

Edward Norris and wife, of Cleveland, came in last evening and will visit in the home of Mr. and Mrs. George Rapp for a week.

The Sphinx Club motored out to the Bungaloo Camp, on the mountains, Saturday evening, making the return trip on Sunday evening. While there they partook of their anniversary banquet, and also laid plans for extensive improvements to their own camp, the Pyramid Lodge. This club has been rapidly gaining in members, and promises to have one of the best camps on the mountain when the hunting season opens up.

Mr. John Blake, superintendent of the P. H. and L. tannery, went to Boston yesterday to transact business in connection with the leather trade.

George Strickland, Jr., was the lucky winner of a $20 pool on the result of yesterday's ball game.

George Bedner employed at No. 19 mine as a "rope rider," escaped instant death Tuesday by a small margin. He was coming out with a trip when one of the cars left the track and threw him in front of the train. He grasped the large cable wire and hung on, the moving cars dragging him along. He knew that if he left go and went to the track it meant his death. He was about exhauseted and ready to give up when the cars came to a sudden stop. The engineer, almost a mile away, felt a jar when the car left the track, and surmising that something was wrong, stopped the trip without waiting for a signal to do so. Bedner received a broken rib, flesh crushed leg and a severe cut under the chin. He was brought to his home and received medical treatment. His escape from instant death certainly was a miracle.

Mr. D. R. Fleming left on Tueslay evening for Minedota, Illinois, to attend the funeral of a sister-in-law, who passed away on Monday.

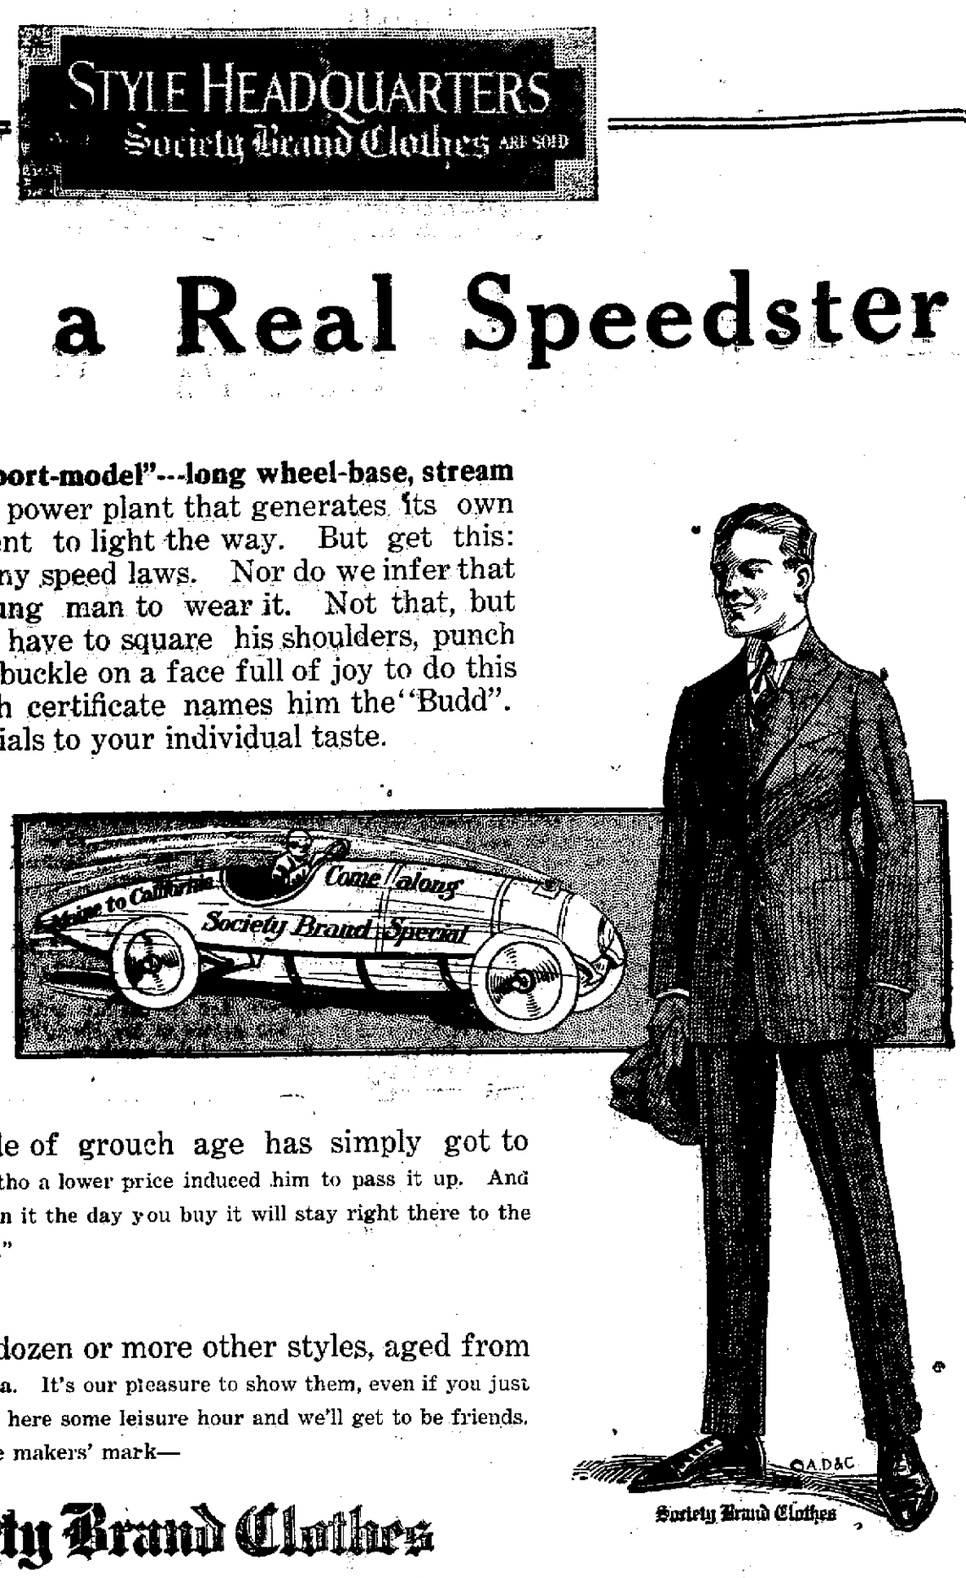
STYLE HEADQUARTERS
Society Brand Clothes ARE SOLD

Here's a Real Speedster

---a humdinger "Sport-model"---long wheel-base, stream-lines, all kinds of power plant that generates its own high tension current to light the way. But get this: It doesn't break any speed laws. Nor do we infer that it takes a fast young man to wear it. Not that, but really a chap will have to square his shoulders, punch out his chest and buckle on a face full of joy to do this suit justice. Birth certificate names him the "Budd". Colors and materials to your individual taste.



Any man this side of grouch age has simply got to admire this Suit, even tho a lower price induced him to pass it up. And the smart stuff that's in it the day you buy it will stay right there to the day you say "well done."

We've a baker's dozen or more other styles, aged from boy in school to grandpa. It's our pleasure to show them, even if you just want to look. Come in here some leisure hour and we'll get to be friends. All our clothes bear the makers' mark—

Society Brand Clothes

Turn Your Headlights On This

---it's the "Grit No. 2"---some Coat!---a sure-enough self-starter for style, with speed to go 'long with that "Budd" fellow. And the girls—Lord bless 'em!—they'll never backfire when you say "Howdy" in this coat.

Lots of others---more or less along sport lines to suit the years of the wearers. Some with fluffy fur collars to turn up against the blasts of Old Man Winter. No end to materials and colors from the smart effects to plain black. Let us fit you into a few of them when you have the time to spare.

M. F. EGAN WRITING K. OF C. HISTORY

Service Men Called for Scholarship Examinations—Employment Service Seeks Many New Jobs.

An official history of the Knights of Columbus for publication in two volumes is nearing completion under the joint editorship of Messrs. Maurice Francis Egan, former United States Ambassador to Denmark, and John B. Kennedy, director of publicity of the Knights.

The first volume will contain two books, one dealing with the origin, growth, fraternal and public activities of the order; the second book being devoted to an exhaustive review of the war work at home and abroad. In the second volume the patriotic services rendered by more than fifty thousand members of the Knights of Columbus in the world war will be commemorated. It will detail the efforts of the soldier-Knights from the United States, Canada, New Foundland, Puerto Rico, Mexico, etc. Dr.

Copyrighted by International.
MAURICE FRANCIS EGAN.
Diplomat and Literateur Who Is Writing Official History of the Knights of Columbus With John B. Kennedy.

Egan is a prolific writer of history, biography, fiction and poetry, and an acknowledged figure in the realm of American literature. Mr. Kennedy is a well known newspaper writer, a contributor of poetry and fiction stories to magazines, and one of the most accomplished publicity producers developed during the war welfare work campaigns.

According to Peter W. Collins, director of the reconstruction and employment service of the Knights of Columbus, the demand of soldiers, sailors and marines for jobs is still to be encountered. The Knights will continue their efforts to find jobs for the men. The work has been intensified in Greater New York, and the big hut located in the Longacre Square section of Broadway is kept open until nine o'clock each evening. One of the reasons why most of the service men appeal to the Knights for jobs is primarily brought about through their policy of refusing to place men in positions which would "run them in a blind alley." The employment service has never placed any of the many thousand men in a job paying less than $18 per week, nor in any kind of work to which the applicant is not suited.

Despite the vigorous protest of the order against the ousting of all welfare workers from the military camps and reservations of the army, there is every indication that the policy of the war department will be invoked. While the government order of taking over the work of welfare societies and putting it in the hands of army officers was directed against other organizations besides the Knights of Columbus, none made any public protest against the contemplated action. The first protest brought letters and telegrams to William P. Larkin, overseas director, from former officers and soldiers urging the order to fight the idea of taking civilian support away. Sentiment of the soldiers favors the Knights.

Several hundred former service men will this week hear the verdict on how they passed the entry examinations held by the different colleges and universities which the Knights of Columbus have selected in their award of one hundred free scholarships to soldiers, sailors and marines.

The scholarships include board, lodging, books and tuition. All of the applicants have been looked after by William J. McGinley, Supreme Secretary of the Knights of Columbus, at New Haven, Conn. One of the unusual cases which came to the attention of Mr. McGinley was a cablegram from a soldier at Coblenz, Germany, asking that his application for an engineering course be considered, which request was granted.

Red hair is regard as beautiful in Turkey, and consequently many women dye their hair that shade.

FEMININE HOSIERY

To achieve the right effect in women's apparel, one must have the right hosiery with the right shoes. In other words it is the minor details of a costume, that stamps it as distinctive.

We have just received a shipment of hosiery including every fashionable shade and style, suited to every type of fashionable shoe. These stockings, made of pure silk thread would sell at $2.50 and over if stock had been purchased at present selling prices, but we were fortunate in securing this stock at former prices, and therefore offer them to our patrons at $2.00 and $2.25. Come in white, black, cordovan, grey and covert.

Make your selections early, while the assortment is large.

How to Borrow Money

Know how? What would you give to learn? Not how to borrow four bits from a friend to pay for a shave and a haircut, but how to borrow real money—thousands of dollars—from a bank to finance the purchase of a farm or a tractor or a hundred head of feeder cattle. In this week's issue of

The COUNTRY GENTLEMAN

Harry R. O'Brien answers the big question. He has talked with bankers who lend, and they have told him the kind of men they lend to.
Are you one?

He has talked with farmers who can borrow, and they have told him how to establish bank credit. It's surely worth a dollar of any man's money to learn how to build up credit so he can walk into the bank and say to the president: "Lend me a thousand."
No side or angle of the farming business is neglected in THE COUNTRY GENTLEMAN. Getting started, growing, harvesting, marketing; the machinery to use; building; home and community life—it's all in a year's subscription.

Glass of Salts Cleans Kidneys

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts, which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

A "Steak on Stones" Fry

By Louise Freer
Director of Physical Training for Women
The University of Illinois

Late September is just the time of the year to hike to the woods for a beefsteak fry. Be sure to choose a place where you will find some small stones and where you can build a fire. A party of eight is about the right size for a "steak fry" picnic.

Of course, the most important part of the program is the steak. Buy a porterhouse steak one and one-half inches thick, and large enough to satisfy eight outdoor appetites. Take plenty of plain bread sandwiches and a small, sharp knife for cutting the meat. The rest of the lunch may consist of pickles, fruit, and cookies or whatever you choose.

After a five or six-mile hike in the exhilarating air of a September morning, there will be a unanimous vote for an early dinner. As you gather wood for the fire, collect also stones from five to ten inches in diameter. Put them in the center of the fire where the heat is most intense. In fifteen minutes they will be hot enough for cooking.

Meanwhile cut the steak in pieces the right size for the sandwiches and get ready a supply of small sticks, one end whittled to a sharp point. As soon as the fire begins to die down, roll out the stones with the aid of stout sticks. Grease them with lumps of fat and put the meat on to cook. Turn it every minute or so with the small pointed sticks. Don't forget the salt. Make each girl cook her own. That is half the fun.

Words can't describe the "delicious-ness" of a "steak on stones" sandwich. You will soon be ready for another. The stones are still piping hot, so everyone get busy again and cook a "second helping."

When it is all over, there is nothing left but a knife to be carried home by eight gloriously happy and healthfully tired girls.

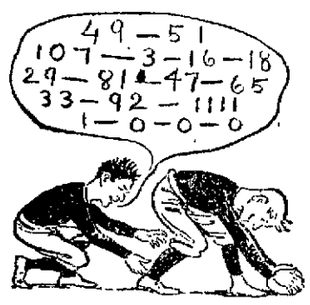
Football Signals

By T. E. Jones, Athletic Director
The University of Wisconsin

Every lad who plays football knows that the one thing that he must guard as closely as the password to his pet lodge, is the system of the signals of his team. Every coach tries to secure a set of signals which will be as clear to his men as they are baffling to the opponents.

The simplest system of signals is the best. They should not be a mathe-



matical problem. The best system is the simple method of numbering each play and then teaching each man his duty in that play, having a different number for every play.

A series of numbers is called, one or perhaps two numbers of the series indicating the play to be called, the other numbers being used as blinds. A simple method is to designate one number of the series, say the third number. The play desired being 15, the series would run—12, 26, 15, 31. This may be easily shifted to the first second, or fourth number by having the quarterback so notify his men.

Another system is to take the sum of the first two numbers. Example, to call play 15, 9-6 5-8, or 8-7-5-2, or 4-11-3-6 would indicate the desired play.

A key number may be used, for example, 12, the number in the series coming next after the key number being the play desired. 16-18-12-15 indicating that play 15 is to be used.

Or you may use the first or second digit of the first number called, with the first or second digit of the second number (21-35-34-42).

Some coaches number both the formation and the play, the first number called being that of the formation so that the players easily fall into place while receiving the number of the play which can then be rushed with a snap.

More important than all the systems is the one fact of being letter perfect in whatever system may be adopted—to be able to receive and execute orders with the promptitude and dispatch of a good soldier, being careful to see that the enemy does not know your countersign and so penetrate into your camp.

PRESIDENTIAL BOOMLETS

By L. C. MARTIN
(United Press Staff Correspondent)

WASHINGTON, Oct. 9—As the rain and wind of springtime beating upon tender growing things give them strength and sturdiness, so the strong blasts of the opposition to the league of nations in the senate are daily helping to strengthen a little presidential boomlet there.

For every speech against the league call for one in defense of it, and those in defense of it are made in great measure by one man. His speaking in behalf of the league has been much more frequent than that of any of his colleagues.

And so, if—and there are many if's in the situation—IF the League of Nations covenant should be forced through the senate without change in spite of the opposition, and

IF President Wilson should decide he won't seek a third term, and

IF McAdoo, Baker and the other democratic possibilities should not be too eager, then

"Why not Hitchcock?" ask his friends.

By whom they mean Senator Gilbert M. Hitchcock, Nebraska, chief spokesman for the administration and the League of Nations in the senate.

Who, ask Hitchcocks friends, would be more logical as president than the man whose sympathy with and understanding of President Wilson's views and purposes regarding the League of Nations have been apparently unbounded?

Hitchcock, they point out, has borne the brunt of the fight in the senate for the league. Almost single handed he has met the assaults of numerous clever opponents, and, in the opinion of his friends, he has parried their thrusts cleverly, at the same time countering with many an effective stroke of his own.

In the United States' new position with relation to the rest of the world, they declare, the coming president must be imbued with a zeal for the success of the league such as, in the view of his friends, Hitchcock has, in a measure equalled by no one in the democratic party except President Wilson himself.

Hitchcock, they declare, is an exponent of the new order, just as Hiram Johnson is of traditional Americanism; and among them lurks the hope that President Wilson, if he does not himself desire another term, will speak a word in the right quarters when the time comes, in behalf of his chief lieutenant in the league campaign.

To Darken Hair Apply Sage Tea

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and youthfullness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

DEATH FOLLOWS ON TRAIL OF ARMY AVIATORS FLYING ACROSS NATION

NUMEROUS ACCIDENTS ATTEND THE TRANS-CONTINENTAL DERBY WHICH BEGAN YESTERDAY MORNING

STORMS FORCE MANY LANDINGS

NEW YORk, Oct. 9—The second day of the 6400 mile trans-continental aerial race opened with 5 of the 72 planes eliminated through accidents. These mishaps resulted in the death of three aviators and the injury of one. In addition to the five planes which met with accidents three were officially listed as missing.

Going Some

DES MOINES, IOWA, Oct. 7—Leut. Maynard, flying in the trans-continental aerial derby arrived at Derring field here at 10:54 a m. today. He made the 158 miles from Rock Island in 105 miles.

ERIE, Oct. 9—Four aeroplanes were forced to land due to the high winds from Lake Erie at North Girard, 50 miles west of this city.

CLEVELAND, Oct. 9—Plane No. 45 west bound in the trans-continental aerial derby fell into Lake Erie several miles out of Ashtabula harbor this morning according to a wireless from a Canadian steamshi company received at Martin Field here. Both occupants were picked up and are being brought in, the wireless said. The aviator is Lieut. O. H. Hinds, pilot and Lieut. R. K. Matthews, passenger.

LOCKPORT, N. Y., Oct. 9—Lieut. H. E. Smith in plane No. 48, a De Haviland Liberty, lost his way in a rain storm en route to Rochester from Buffalo and landed in a field at the south end of this city at seven o'clock today. He started again and the field being too short he crashed into an apple orchard wrecking the machine. Lieut. Smith and his passenger escaped unhurt. The machine was wrecked.

SLIGHT IMPROVEMENT OF YESTERDAY IS CONTINUING SAYS DR. GRAYSON

WASHINGTON, Oct. 9—President Wilson's condition is improving slowly, Dr. Grayson said today. The statement issued just before noon said "While there is no material change in the President's condition a slight improvement noted yesterday continues.

WASHINGTON, Oct. 9—President Wilson spent one of the most comfortable nights he has had and is apparently improved according to Secretary Tumulty today.

ALTOONA RAILROADERS STRIKE

ALTOONA, Oct. 9—Seventeen hundred Pennsylvania railroad round house employes struck last night in this city and Hollidaysburg.

LONGSHOREMEN OUT AGAIN

NEW YORK, Oct. 9—Shipping with few exceptions was tied up along the whole New York water front today as the result of an unauthorized walkout of longshore men which began Tuesday. It was estimated today that 35,000 men are one strike.

KING GEORGE EXPECTED TO SIGN PEACE TREATY SOON

LONDON, Oct. 9—Ratification of the peace treaty by King George is imminent it was stated here today.

The family crest of the Greys is a scaling ladder and Viscount Grey, the new British Ambassador at Washington, seems early to have determined to live up to it. For the famous Bishop Creighton, hwo was one of his first tutors, has left it on record that, as a boy of thirteen, he was consumed with an overmastering desire to climb, and a capacity for hard work that was simply astounding in one so young.

JOHN SHADE

John Shade who died at the home of his daughter in Lock Haven, Pa., on Wednesday, October 1, 1919, was a resident of Clearfield for almost twdo score years. With his family he came to this place about 1882 from Huntingdon county and was employed at the tannery for many years. He was always an industrious, hard-working man and good citiezn, enjoying the unbounded respect and esteem of all who knew him.

Following the death of his good wife in 1913 he removed to Lock Haven where he had since made his home with his daughter. He was 86 years of age at the time of his death.

He is survived by four sons and two daughters viz: James and Edward, of Clearfield: Thomas, of Huntingdon and Augustine, of Portland, Oregon; Mrs E. W. Kennedy, of Jersey Shore, and Mrs. J. E. Haliora, of Lock Haven.

The remains were brought to Clearfield and the funeral held from St. Francis Catholic church with Interment in Calvary cemetery.

RECEIVES FINE PROMOTION

Deputy Revenue Collector J. Mitchell Gardiner, of West Market street, was last week promoted by Internal Revenue Collector Llewellyn to the position of General Deputy for the district composed of Clearfield, Cambria, McKean, Elk, and Cameron counties. Mr. Gardner's official title now is General Deputy and he has charge or supervision over all the Deputy Revenue collectors in the five counties named.

LIEUT. PAUL PERICORD NOT KILLED IN ACCIDENT

Several weeks ago a report reached Clearfield that Lieutenant Perigord had been killed in an automobile accident at his home at Stillwater, Minn., and because it was known that Lieutenant Paul Perigord of the French army, who delivered several lectures in this city, lived at Stillwater, it was presumed in some sources that the victim of the accident was the noted hero.

However, word just received from Stillwater, from Lieutenant Paul Perigord's father states that it was his son, Jules Perigord who was killed and not the lieutenant who spoke here.

Lieutenant Paul Perigord is now on duty in a United States army camp in New Hampshire.

FOURTH WARD RESIDENT DIES

James Barone, the aged father of Samuel and Louis Barone, died at the home of his son Louis, on Daisy street early Monday morning last, of the frailties incident to advanced years, in the 85th year of his age.

The deceased was a native of Italy, and came to Clearfield to reside with his sons some twenty one years ago. He was a quiet inoffensive man, well-thought of by all who knew him.

He is survived by the two sons named and one daughter, Mrs. Annie Toney, of Buffalo, N. Y.

The funeral occured Wednesay morning, a requiem high mass being celebrated in St. Francis Church. Interment in Calvary Cemetery.

REAMS—BANKS

At the Lutheran Parsonage, by Rev. C. W. Baker, Mr. Harold R. Reams, of Luthersburg, Clearfield county, Pa., and Miss Alma Blanche Banks, of Chambersville, Indiana county, Pa., were united in the holy bonds of Wedlock on Monday morning, October 6th, 1919. The very beautiful and impressive Ring Service of the Lutheran Church was used. The young couple were unattended. The groom had but recently returned from military service overseas. Their many friends join in wishing them many happy years together.

Rev. W. H. B. Carney, D. D., pastor of the DuBois Lutheran Church, is the guest of Rev. C. W. Baker today.

LETTER TO EDITOR

Clearfield, Pa.

Editor of Progress:

I am a patient of tuberculosis and have been for some time. My first doctor and nurse are both dead, Dr. Stewart and Miss Williams, or Mrs. Clees, of the state sanitarium. I never tried to keep the people from knowing my disease for those who keep it a secret and run around town are the ones who fill the sanitariums. I go to town at times but carry a box to spit in The disease is not any worse than any other, if the people would not be ashamed of it and tell people they have a cought from cigarettes or a cold. I slept with one of those fellows 5 years ago who told me he only had a cold. He died with the disease some time ago—one of our town boys.

I have been at the Cresson sanitarium twice. It's a good place for a lunger but do not try to blame me for not staying. Not that I think I am better than other people but I am as good, that is why I am not there.

Now there are lots of people who need help in our own town. 1 quart of milk and 2 eggs would be a great help to each patient each day.

I think our people of Clearfield ought to look after some of these cases and get behind these as well as to to help the Jewish people for we need it and there are lots of us who have spent our money here.

FIRST SHOOTING ACCIDENT OF 1919 SEASON

The details of the first fatality in Clearfield county for the hunting season of 1919, in which Fred Fontenoy, of Covington township, lost his life, show that Mr. Fontenoy and a young man named Guenot, his brother-in-law, were hunting in the woods near their home. The two men entered an old mine in the woods with Fontenoy in the lead and Guenot immediately behind him. Fontenoy stepped on a rotten board, which broke with his weight and the rear end flew up, tripping his companion. Guenot stumbled and in the fall, his gun was discharged, the full load of shot striking Fontenoy in the calf of the leg, literally tearing the leg away.

The injured man was conveyed to his home, and as the telephones in the lower end of the county were out of commission, a messenger was dispatched at once to Karthaus for a doctor. The doctor was unable to reach the terribly injured man until more than four hours after the accident, and by that time he was so weak from blood, medical aid was of no avail, and he passed away shortly after.

PAY NO ATTENTION TO ORDINANCE

Automobile drivers pay no attention to the traffic ordinance relative to the operation of all vehicles during the time of a fire or the sounding of the fire alarm. The ordinance provides that all vehicles must stop on the approach of the fire apparatus. Yesterday afternoon, no less than ten violations of this provision were reported by the firemen, and prosecutions are likely in each case.

COLLEGE ORCHESTRA GOES TO PHILIPSBURG

The Susquehanna College of Music orchestra contributed no little part to the success of the play "Experience" last evening, and their performance received much favorable comment, not only from Clearfield people, but from the members of the "Experience" company. The musical director was warm in his praises and engaged the orchestra for the performance this evening in Philipsburg.

BONNIWELL WINS

LANCASTER, Pa., Oct. 8.—Eugene C. Bonniwell, of Philadelphia, was elected president of the Pennsylvania state firemen's association for the fourth time, defeating Howard O. Holstein, of Harrisburg. The vote was Bonniwell 4141 and Holstein 1171.

GOMPERS PROPOSES ARBITRATION OF STEEL STRIKE TO CONFERENCE

SUGGESTS ONE MEMBER FROM EACH GROUP OF COUNCIL FORM BODY TO ADJUST DIFFERENCES

TWO MEN AT DONORA SHOT TODAY

WASHINGTON, Oct. 9—Immediate arbitration of the steel strike was proposed to industrial conference today by President Gompers of the American Federation of Labor. Gompers suggests that the conference appoint an arbitration board to mediate the strike and the strikers return to work pending a settlement.

Under Gompers' plan each group in the conference is to select a representative for the steel strike arbitration board.

PITTSBURGH, Oct. 9—Two strikers were shot early today when state police broke up a mob which attacked negro workmen at the plant of the American Steel & Wire company at Donora near here. Many persons were bruised and battered in the clash, some of whom were seriously injured.

Leaders of the strike today protested against the alleged circulation of hand bills in which the strikers are urged to collect benefits due them from strike headquarters Union leaders declared these bills are distributed by operators in the hope of creating dissension between the strikers and leaders. In some districts strike leaders announce that many foreigners are storming the offices of strike headquarters in compliance with the circulars.

The situation here remains unchanged. Operators assert hundreds of workmen are coming from other cities here to enter the mills. The union leaders maintain their lines are holding.

Secretary William Foster of the national committee declared the raid on union headquarters at Wierton, W. Va., was a concerted scheme to evict striking steel workers.

SPORT NOTES

Baseball fans at Cincinnati paid over $100,000 dollars to see Tuesday's world series game between Cincinnati and Chicago. It was the first time in the history of baseball that the receipts from one game reached the hundred thousand dollar mark.

The receipts of the first five games will be divided among the players in the world's series this year, thanks to the new nine game schedule. Another innovation this year gives the first three clubs and their players in each league a slice of the returns from the series games.

U. S. WANTS HELP OF BOYS AND GIRLS

Secretary of Treasury Asks Them to Shape the Nation's Future.

School boys and girls of America have been honored by a direct appeal for assistance from one of the highest officials of the United States Government. Carter Glass, Secretary of the Treasury and a member of the President's Cabinet, recognizing that the future of the nation will be controlled a few years hence by the boys and girls of today, has asked them to build up habits of industry and saving which will be a permanent influence for national welfare.

Secretary Glass' appeal reached all school boys and girls of Pennsylvania, New Jersey and Delaware through their teachers on Friday, October 3, which was made National Thrift Registration Day in the schools, when the boys and girls pledged themselves to save money regularly and invest in Government Thrift and Savings Stamps.

The War Savings Division of the district is anxious that every boy and girl should possess a copy of the Secretary's letter. With the co-operation of the nswspapers the letter is now printed in full and every boy and girl is requested to keep this copy of it, study its suggestions carefully and do all in their power to give the Secretary of the Treasury the assistance he so confidently expects from them.

The Secretary of the Treasury.
Washington.
September 23, 1919.

To the School Boys and School Girls of America:

In addressing the twenty million or more school boys and girls of this country, I am addressing the citizenship—the business and professional men and women, the producers and consumers and the home makers of only a few years hence. The responsibility of all the problems of our country will ultimately fall upon you. The spirit of patriotism and helpfulness which you displayed during the world war has proved your fitness for your future responsibility. Your record in production of needed materials during the war, your saving of food and money, and your investment in Government securities is a record of which every American citizen is justly proud.

It is the earnest desire of your Government that you should continue to practice and make permanent those same habits of industry and economy, that through your influence and example America may soon become a Nation of savers and cease to be a wasteful Nation; that this may be a Nation of people who always save some part of their earnings, who spend money with greatest care, and who invest what they save in some safe place.

I am glad to see that our school boys and girls have continued during the vacation months to save their money and are buying Thrift and War Savings Stamps, thus laying aside a portion of the money they earn for some future purpose, and while they are continuing to render some service to their Government, they are at the same time providing for their own needs.

The habit of earning and saving money is a most interesting and happy one. I am sure that this habit has become so fascinating to you that you will continue to earn and to save through all the months and years to come and keep investing what you save in Government securities.

It is my personal hope that the lessons of thrift that you are being taught in your school may help you to develop in your life permanent habits of saving and thereby lay a foundation for your personal happiness and usefulness and ultimately for a bigger and better America.

Sincerely yours,
CARTER GLASS.

Extravagance rots character; train youth away from it. On the other hand, the habit of saving money, while it stiffens the will, also brightens the energies. If you would be sure that you are beginning right, begin to save.—Theodore Roosevelt.

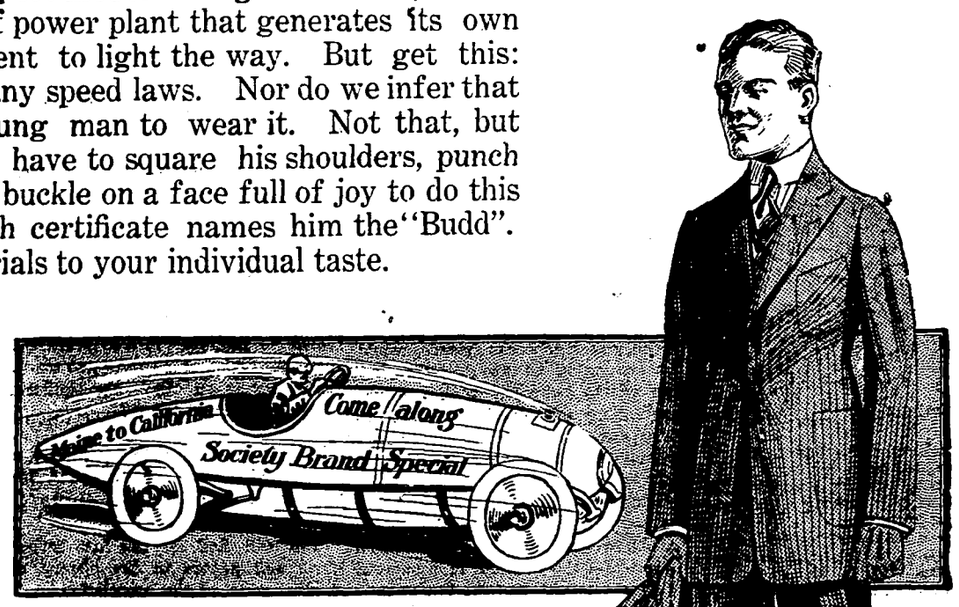
Society Brand Clothes ARE SOLD

Here's a Real Speedster

---a humdinger "Sport-model"---long wheel-base, stream-lines, all kinds of power plant that generates its own high tension current to light the way. But get this: It doesn't break any speed laws. Nor do we infer that it takes a fast young man to wear it. Not that, but really a chap will have to square his shoulders, punch out his chest and buckle on a face full of joy to do this suit justice. Birth certificate names him the "Budd". Colors and materials to your individual taste.



Any man this side of grouch age has simply got to admire this Suit, even tho a lower price induced him to pass it up. And the smart stuff that's in it the day you buy it will stay right there to the day you say "well done."

We've a baker's dozen or more other styles, aged from boy in school to grandpa. It's our pleasure to show them, even if you just want to look. Come in here some leisure hour and we'll get to be friends. All our clothes bear the makers' mark—

Turn Your Headlights On This

---it's the "Grit No. 2"---some Coat!---a sure-enough self-starter for style, with speed to go 'long with that "Budd" fellow. And the girls—Lord bless 'em!—they'll never backfire when you say "Howdy" in this coat.

Lots of others---more or less along sport lines to suit the years of the wearers. Some with fluffy fur collars to turn up against the blasts of Old Man Winter. No end to materials and colors from the smart effects to plain black. Let us fit you into a few of them when you have the time to spare.

M. F. EGAN WRITING K. OF C. HISTORY

Service Men Called for Scholarship Examinations—Employment Service Seeks Many New Jobs.

An official history of the Knights of Columbus for publication in two volumes is nearing completion under the joint editorship of Messrs. Maurice Francis Egan, former United States Ambassador to Denmark, and John B. Kennedy, director of publicity of the Knights.

The first volume will contain two books, one dealing with the origin, growth, fraternal and public activities of the order; the second book being devoted to an exhaustive review of the war work at home and abroad. In the second volume the patriotic services rendered by more than fifty thousand members of the Knights of Columbus in the world war will be commemorated. It will detail the efforts of the soldier-Knights from the United States, Canada, New Foundland, Puerto Rico, Mexico, etc. Dr.

Copyrighted by International.
MAURICE FRANCIS EGAN.
Diplomat and Literateur Who Is Writing Official History of the Knights of Columbus With John B. Kennedy.

Egan is a prolific writer of history, biography, fiction and poetry, and an acknowledged figure in the realm of American literature. Mr. Kennedy is a well known newspaper writer, a contributor of poetry and fiction stories to magazines, and one of the most accomplished publicity producers developed during the war welfare work campaigns.

According to Peter W. Collins, director of the reconstruction and employment service of the Knights of Columbus, the demand of soldiers, sailors and marines for jobs is still to be encountered. The Knights will continue their efforts to find jobs for the men. The work has been intensified in Greater New York, and the big hut located in the Longacre Square section of Broadway is kept open until nine o'clock each evening. One of the reasons why most of the service men appeal to the Knights for jobs is primarily brought about through their policy of refusing to place men in positions which would "run them in a blind alley." The employment service has never placed any of the many thousand men in a job paying less than $18 per week, nor in any kind of work to which the applicant is not suited.

Despite the vigorous protest of the order against the ousting of all welfare workers from the military camps and reservations of the army, there is every indication that the policy of the war department will be invoked. While the government order of taking over the work of welfare societies and putting it in the hands of army officers was directed against other organizations besides the Knights of Columbus, none made any public protest against the contemplated action. The first protest brought letters and telegrams to William P. Larkin, overseas director, from former officers and soldiers urging the order to fight the idea of taking civilian support away. Sentiment of the soldiers favors the Knights.

Several hundred former service men will this week hear the verdict on how they passed the entry examinations held by the different colleges and universities which the Knights of Columbus have selected in their award of one hundred free scholarships to soldiers, sailors and marines.

The scholarships include board, lodging, books and tuition. All of the applicants have been looked after by William J. McGinley, Supreme Secretary of the Knights of Columbus, at New Haven, Conn. One of the unusual cases which came to the attention of Mr. McGinley was a cablegram from a soldier at Coblenz, Germany, asking that his application for an engineering course be considered, which request was granted.

A "Steak on Stones" Fry

By Louise Freer
Director of Physical Training for Women
The University of Illinois

Late September is just the time of the year to hike to the woods for a beefsteak fry. Be sure to choose a place where you will find some small stones and where you can build a fire. A party of eight is about the right size for a "steak fry" picnic.

Of course, the most important part of the program is the steak. Buy a porterhouse steak one and one-half inches thick, and large enough to satisfy eight outdoor appetites. Take plenty of plain bread sandwiches and a small, sharp knife for cutting the meat. The rest of the lunch may consist of pickles, fruit, and cookies or whatever you choose.

After a five or six-mile hike in the exhilarating air of a September morning, there will be a unanimous vote for an early dinner. As you gather wood for the fire, collect also stones from five to ten inches in diameter. Put them in the center of the fire where the heat is most intense. In fifteen minutes they will be hot enough for cooking.

Meanwhile cut the steak in pieces the right size for the sandwiches and get ready a supply of small sticks, one end whittled to a sharp point. As soon as the fire begins to die down, roll out the stones with the aid of stout sticks. Grease them with lumps of fat and put the meat on to cook. Turn it every minute or so with the small pointed sticks. Don't forget the salt. Make each girl cook her own. That is half the fun.

Words can't describe the "delicious-ness" of a "steak on stones" sandwich. You will soon be ready for another. The stones are still piping hot, so everyone get busy again and cook a "second helping."

When it is all over, there is nothing left but a knife to be carried home by eight gloriously happy and healthfully tired girls.

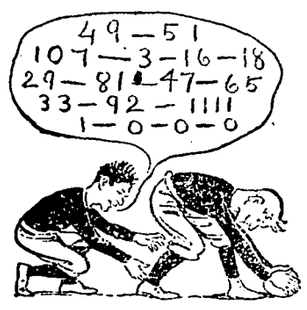
Football Signals

By T. E. Jones, Athletic Director
The University of Wisconsin

Every lad who plays football knows that the one thing that he must guard as closely as the password to his pet lodge, is the system of the signals of his team. Every coach tries to secure a set of signals which will be as clear to his men as they are baffling to the opponents.

The simplest system of signals is the best. They should not be a mathematical problem. The best system is the simple method of numbering each play and then teaching each man his duty in that play, having a different number for every play.



A series of numbers is called, one or perhaps two numbers of the series indicating the play to be called, the other numbers being used as blinds. A simple method is to designate one number of the series, say the third number. The play desired being 15, the series would run—12, 26, 15, 31. This may be easily shifted to the first second, or fourth number by having the quarterback so notify his men.

Another system is to take the sum of the first two numbers. Example, to call play 15, 9-6 5-8, or 8-7-5-2, or 4-11-3-6 would indicate the desired play.

A key number may be used, for example, 12, the number in the series coming next after the key number being the play desired. 16-18-12-15 indicating that play 15 is to be used.

Or you may use the first or second digit of the first number called, with the first or second digit of the second number (2:-35-34-42).

Some coaches number both the formation and the play, the first number called being that of the formation, so that the players easily fall into place while receiving the number of the play which can then be rushed with a snap.

More important than all the systems is the one fact of being letter perfect in whatever system may be adopted—to be able to receive and execute orders with the promptitude and dispatch of a good soldier, being careful to see that the enemy does not know your countersign and so penetrate into your camp.

To Darken Hair Apply Sage Tea

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and youthfullness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifuly dark, glossy, soft and luxuriant.

FOR MEN WHO WORK HARD

Factory workers, railroad men, farmers, miners, mill employees and all men who work at hard, straining physical labor are more or less subject to kidney trouble. Nature gives warning signals by frequent lameness, stiff joints, sore muscles, backache and rheumatic pains. J.G. Wolf, Green Bay Wis., writes: "Foley Kidney Pills relieved me of a severe backache, that had bothered me for several months. A few bottles fixed me up in good shape." Sold everywhere.

CARD OF THANKS

The children of the late John Shade take this means of returning heartfelt thanks for the kindnesses shown them during the death and funeral of their beloved father.

Queer uses are made of the intestines of the walrus and the seal-lion. The Eskimos make the former into sails for their boats, and the latter they slit and stitch together to form hooded coats that are far superior to rubber as waterproof garments.

A fly on a window-pane will crawl to the top, fly back to the bottom, and crawl up again. This order is seldom reversed. It is on record that a fly crawled up a window-pane 32 times, returning each time to the same place.

PRESIDENTIAL BOOMLETS

By L. C. MARTIN
(United Press Staff Correspondent)

WASHINGTON, Oct. 9—As the rain and wind of springtime beating upon tender growing things give them strength and sturdiness, so the strong blasts of the opposition to the league of nations in the senate are daily helping to strengthen a little presidential boomlet there.

For every speech against the league call for one in defense of it, and those in defense of it are made in great measure by one man. His speaking in behalf of the league has been much more frequent than that of any of his colleagues.

And so, if—and there are many if's in the situation—IF the League of Nations covenant should be forced through the senate without change in spite of the opposition, and

IF President Wilson should decide he won't seek a third term, and

IF McAdoo, Baker and the other democratic possibilities should not be too eager, then

"Why not Hitchcock?" ask his friends.

By whom they mean Senator Gilbert M. Hitchcock, Nebraska, chief spokesman for the administration and the League of Nations in the senate.

Who, ask Hitchcocks friends, would be more logical as president than the man whose sympathy with and understanding of President Wilson's views and purposes regarding the League of Nations have been apparently unbounded?

Hitchcock, they point out, has borne the brunt of the fight in the senate for the league. Almost single handed he has met the assaults of numerous clever opponents, and, in the opinion of his friends, he has parried their thrusts cleverly, at the same time countering with many an effective stroke of his own.

In the United States' new position with relation to the rest of the world, they declare, the coming president must be imbued with a zeal for the success of the league such as, in the view of his friends, Hitchcock has, in a measure equalled by no one in the democratic party except President Wilson himself.

Hitchcock, they declare, is an exponent of the new order, just as Hiram Johnson is of traditional Americanism; and among them lurks the hope that President Wilson, if he does not himself desire another term, will speak a word in the right quarters when the time comes, in behalf of his chief lieutenant in the league campaign.

BALD HILL ODD FELLOWS KNOW HOW TO DO IT

On Tuesday evening October 7th, the Odd Fellows of Bald Hill lodge met in regular session and after the preliminary business District Deputy Haines of Curwensville in a very impressive manner installed a splendid class of young Odd Fellows in the various offices. The lodge room was well filled with Odd Fellows from different places.

The Noble Grand then called on District Deputy Haines for an address and in well chosen words he called the attention of Odd Felolws to the critical condition of our country and urged them to be thoughtful and loyal to the principles upon which the order was founded.

Addresses were made by members from Williamsburg, Curwensville, Clearfield and Karthaus.

When the lodge was closed in proper manner, the members were asked to give the room over to the ladies who soon transformed it into a dining hall with two long tables laden with the best good things to eat that the land affords. After the blessing by Rev. Price all were seated and the manner in which Brother Aaron Murray urged all to partake and the manner in which it was accepted by Brother Yothers was something not to be forgotten and if any one went away not satisfied they have yet to be found.

After wishing Bald Hill lodge a prosperous year all went to their homes hoping to be able to attend the next banquet of Bald Hill lodge.

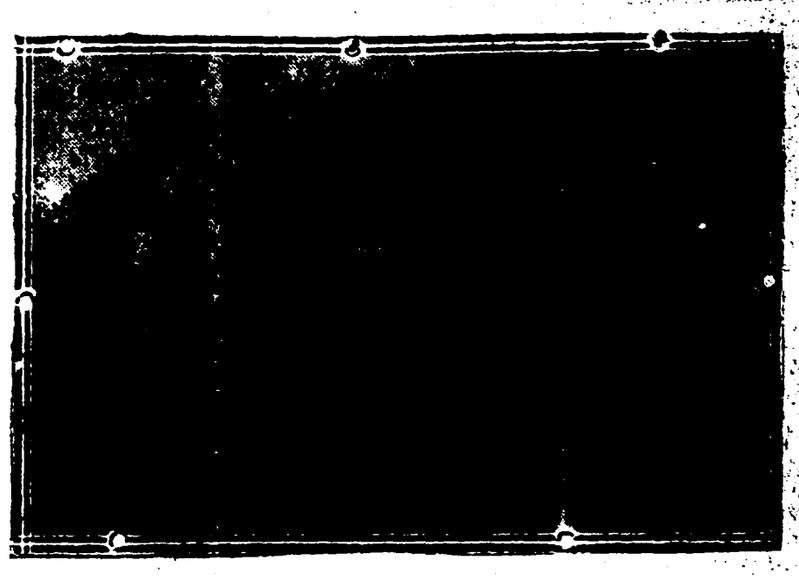
VISITED COUNTY HOME

Twenty members of the local W. C. T. U. assisted by Rev. John C. Collins of Eleventh street, held a very interesting meeting at the county home Tuesday afternoon and were very graciously received by the steward and matron Mr. and Mrs. W. E. Davis.

Rev. Collins gave the inmates an interesting talk, his subject being "Smiles," while the President gave a couple of interesting recitations. Both old and young appeared to greatly appreciate the treat given them.

In Russia, certain peasant costumes are trimmed with the skins of the turbot, and in Egypt, men wear sandals made from the skins of fish caught in the Red Sea.



EX-KAISER ALL "DUG IN" AT NEW HOME---It begins to look as though Wilhelm, former "war lord" of Germany, isn't putting much faith in the plans of the Allies to bring him to trial. He has been living at Amerongen Castle in Holland since he fled from Berlin, but now he has bought a piece of his own. Above is the Castle of Doorn, near Utrecht, Holland, which the ex-Kaiser has bought and which he will make his permanent residence.

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The *extra* miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

"VIRTUOUS MEN IS A BIG PHOTOPLAY

One of the most important productions of the year has been secured for the patrons of the Driggs Theatre by Manager Driggs, and will be presented as a special attraction, Thursday and Friday. "Virtuous Men" is the production. It stars E. K. Lincoln, was personally directed by Ralph Ince and contains one of the most notable casts ever assembled before the camera.

"Virtuous Men" was conceived by A. H. Sawyer and Ralph Ince. It tells a virile story of melodramatic "punch." The picture was over seven months in the making, and is the supreme effort of Ralph Ince, whose name has been linked with a series of unbroken screen successes. It has many scenes and forms an engrossing film entertainment.

The management of the Driggs Theatre states that "Virtuous Men" cost over $150,000 to produce. Five cameras were used to insure photographic perfection; thirty massive and unusual sets were constructed for the production under the direction of Charles Chapman; five distinct spectacular effects, costing thousands of dollars, mark the unfolding of the story and over 10,000 supernumeraries were used by Ralph Ince in making scenes.

The star role will be interpreted by E. K. Lincoln, supported by Clara Kimball Young, Broadway favorite; Grace Darling, W. B. Mack, Robert W. Cummings, William Blonkhall, Edward Faber, Irving Brooks, William Cehill, Dana Hayes and others well known on stage and screen.

A western mayor thought he would get a lot of glory out of shouting "To H—— with Kings" when he was asked to invite King Albert to his city. He was mistaken badly. Wonder what our townsman thought when he said "To H—— with the Jews."

DREYFUS 60 YEARS OLD

Sixty years old today is Lieut.-Col. Alfred Dreyfus, who has been decorated as an officer of the Legion of Honor in recognition of his services in the war. Twenty-five years ago, it will be recalled, this same Alfred Dreyfus, then a captain in the French army, was the central figure in a sensational case that long held the attention of the world. It was on December 23, 1894, that he was sentenced to life imprisonment on Devil's Island, following his conviction by court-martial on a charge of selling military secrets to Germany. Following the confession of Col. Henry that he had forged some of the evidence against Dreyfus, a new trial was ordered in 1899. He was, however, again convicted on September 8 of that year and sentenced to ten years' imprisonment. He was pardoned, however, a week later. The Supreme Court of Cassation later found him innocent of the charges against him and he reentered the army with full citizenship restored.

TAKING CARE OF OUR OWN

In this issue we publish a communication from a tuberculosis patient in which it is inferred that sufferers from that malady are not getting the care and attention which they should have. If this be the case, then the charitably inclined of Clearfield have been using long distance glasses in search of good deeds to do and neglecting to take care of the needs around them. Fresh milk and eggs are the daily need of the tubercular person and inasmuch as the sufferer is prevented by his disease from working it behooves the people of the community to see that they get the nourishment and care which they must have to live.

If the people of Clearfield have been derelict in their duty towards these people it is time that we are finding it out and that steps be taken to insure a full daily supply of fresh milk and eggs to these people who by force of circumstances are unable to obtain them. The true state of affairs will be ascertained and if it is found that there has been neglect we are quite certain that Clearfielders will take the necessary steps to relieve.

This local condition should not in any way affect our relations with the Jewish Relief Camaign any more than that it ought to stir us to greater endeavor along these lines.

BALD HEADS AT PEACE TABLE

An amusing sidelight on the recent Peace Conference at Versailles is thrown by an American correspondent, who not only reported the proceedings proper, but took notes regarding the hair, mustaches, beards and whiskers of the peacemakers.

Two-thirds of the delegates were more or less bald. Perhaps some of them made up for this by wearing mustaches. Out of the sixty-five men who sat around the eace table, all had mustaches but fourteen.

Whiskers, on the other hand, were not popular. Only three people wore them, and by a curious coincidence, the names of all these three people began with V. They were Venizelos, of Greece, Vandervelde of Belgium, and Vassitch of Serbia. The latter's whiskers were particularly prominent.

In regard to dress, here was less formal attire than one might have imagined. The English paid no special attention to dress. Bowler hats and frock coats, once a combination that would never have been sanctioned, were quite popular; but there were some countries which put all they knew into their attire. These were, notably, the Japanese and some of the South American states.

Button boots and lace boots, we are told, came out even.

Washing Clothes without Ammonia

Have you ever watched the washwoman at work? If you have you've seen her using heavy yellow soap for this, washing soda for something else and very likely more or less ammonia at all times.

This is because most laundresses haven't learned the dangers of ammonia. It is an alkali—a caustic. Laundries used it once, but their studies of washing compounds and textiles have since taught them better.

The abolishment of ammonias from our laundry is just one of the many refinements and improvements that we have effected for your benefit in recent years.

It explains why we lay so much stress on our superior means of sousing and rinsing in clear soft water and fleecy suds of fine white soap.

We relieve you too of all the hard work of washday—give you time for the lighter and pleasanter duties of the household; time for the bigger things that are calling woman.

Telephone us and we will send our driver for your family bundle.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even Chronic ases of 20 to 30 Years standing, with profuse bleeding, have been completely cured in from three to ten days

No discovery of recent year in the field of medcine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully trated and cured at home by a wonderful prescription known to druggists at Miro Pile Remedy.

It has been proved that so called external remedeis applied or inserted into the rectum cannot cure piles and at the best only give temporary relef. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally is not digeste in the stomach, but is rapidly assed on unchanged to the intestines in a hort time reaching the exact place where by its soothing, healing action it first allays all inflammation and then by direct contact with all ulcers and piles, causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days at most, even in cases with profuse bleeding that have resisted all known treatments and operation really wonderful results have been accomplished.

The author of this amazing discovery desires al sufferers to know that he does not want a cent of anyone's money unless Miro Pile Remedy decisively conquers even in the worst cases and he has instructed druggists all over the country to guarantee it in every case of blind beeding or protruding piles.

IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

Edward Norris and wife, of Cleveland, came in last evening and will visit in the home of Mr. and Mrs. George Rapp for a week.

The Sphinx Club motored out to the Bungaloo Camp, on the mountains, Saturday evening, making the return trip on Sunday evening. While there they partook of their anniversary banquet, and also laid plans for extensive improvements to their own camp, the Tyramid Lodge. This club has been rapidly gaining in members, and promises to have one of the best camps on the mountain when the hunting season opens up.

Mr. John Blake, superintendent of the P. H. and L. tannery, went to Boston yesterday to transact business in connection with the leather trade.

George Strickland, Jr., was the lucky winner of a $20 pool on the result of yesterday's ball game.

George Bedner employed at No. 19 mine as a "rope rider," escaped instant death Tuesday by a small margin. He was coming out with a trip when one of the cars left the track and threw him in front of the train. He grasped the large cable wire and hung on, the moving cars dragging him along. He knew that if he left go and went to the track it meant his death. He was about exhausted and ready to give up when the cars came to a sudden stop. The engineer, almost a mile away, felt a jar when the car left the track, and surmising that something was wrong, stopped the trip without waiting for a signal to do so. Bedner received a broken rib, flesh crushed leg and a severe cut under the chin. He was brought to his home and received medical treatment. His escape from instant death certainly was a miracle.

Mr. D. R. Fleming left on Tuesday evening for Minedota, Illinois, to attend the funeral of a sister-in-law, who passed away on Monday.

Glass of Salts Cleans Kidneys

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts, which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

BALD HILL ODD FELLOWS KNOW HOW TO DO IT

On Tuesday evening October 7th, the Odd Fellows of Bald Hill lodge met in regular session and after the preliminary business District Deputy Haines of Curwensville in a very impressive manner installed a splendid class of young Odd Fellows in the various offices. The lodge room was well filled with Odd Fellows from different places.

The Noble Grand then called on District Deputy Haines for an address and in well chosen words he called the attention of Odd Felolws to the critical condition of our country and urged them to be thoughtful and loyal to the principles upon which the order was founded.

Addresses were made by members from Williamsburg, Curwensville, Clearfield and Karthaus.

When the lodge was closed in proper manner, the members were asked to give the room over to the ladies who soon transformed it into a dining hall with two long tables laden with the best good things to eat that the land affords. After the blessing by Rev. Price all were seated and the manner in which Brother Aaron Murray urged all to partake and the manner in which it was accepted by Brother Yothers was something not to be forgotten and if any one went away not satisfied they have yet to be found.

After wishing Bald Hill lodge a prosperous year all went to their homes hoping to be able to attend the next banquet of Bald Hill lodge.

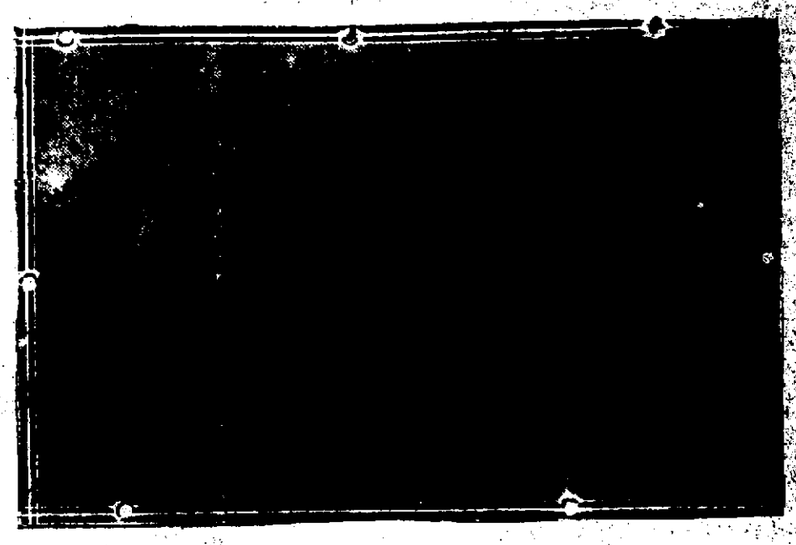
VISITED COUNTY HOME

Twenty members of the local W. C. T. U. assisted by Rev. John C. Collins of Eleventh street, held a very interesting meeting at the county home Tuesday afternoon and were very graciously received by the steward and matron Mr. and Mrs. W. E. Davis.

Rev. Collins gave the inmates an interesting talk, his subject being "Smiles," while the President gave a couple of interesting recitations. Both old and young appeared to greatly appreciate the treat given them.

In Russia, certain peasant costumes are trimmed with the skins of the turbot, and in Egypt, men wear sandals made from the skins of fish caught in the Red Sea.



EX-KAISER ALL "DOG IN" AT NEW HOME---It begins to look as though Wilhelm, former "war lord" of Germany, isn't putting much faith in the plans of the Allies to bring him to trial. He has been living at Amerongen Castle in Holland since he fled from Berlin, but now he has bought a place of his own. Above is the Castle of Doorn, near Utrecht, Holland, which the ex-Kaiser has bought and which he will make his permanent residence.

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The *extra* miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

United States Tires are Good Tires

We *know* United States Tires are good tires. That's why we sell them

"VIRTUOUS MEN IS A BIG PHOTOPLAY

One of the most important productions of the year has been secured for the patrons of the Driggs Theatre by Manager Driggs, and will be presented as a special attraction, Thursday and Friday. "Virtuous Men" is the production. It stars E. K. Lincoln, was personally directed by Ralph Ince and contains one of the most notable casts ever assembled before the camera.

"Virtuous Men" was conceived by A. H. Sawyer and Ralph Ince. It tells a virile story of melodramatic "punch." The picture was over seven months in the making, and is the supreme effort of Ralph Ince, whose name has been linked with a series of unbroken screen successes. It has many scenes and forms an engrossing film entertainment.

The management of the Driggs Theatre states that "Virtuous Men" cost over $150.000 to produce. Five cameras were used to insure photographic perfection; thirty massive and unusual sets were constructed for the production under the direction of Charles Chapman; five distinct spectacular effects, costing thousands of dollars, mark the unfolding of the story and over 10,000 supernumeraries were used by Ralph Ince in many scenes.

The star role will be interpreted by E. K. Lincoln, supported by Clara Joel, Broadway favorite; Grace Darling, W. B. Mack, Robert W. Cummings, William Blonkhall, Edward Talbot, Irving Brooks, William Cohill, Danny Hayes and others well known on stage and screen.

DEATH FOLLOWS ON TRAIL OF ARMY AVIATORS FLYING ACROSS NATION

NUMEROUS ACCIDENTS ATTEND THE TRANS-CONTINENTAL DERBY WHICH BEGAN YESTERDAY MORNING

STORMS FORCE MANY LANDINGS

NEW YORK, Oct. 9—The second day of the 6400 mile trans-continental aerial race opened with 5 of the 72 planes eliminated through accidents. These mishaps resulted in the death of three aviators and the injury of one. In addition to the five planes which met with accidents three were officially listed as missing.

Going Some

DES MOINES, IOWA, Oct. 7—Leut. Maynard, flying in the trans-continental aerial derby arrived at Derring field here at 10:54 a m. today. He made the 158 miles from Rock Island in 105 miles.

ERIE, Oct. 9—Four aeroplanes were forced to land due to the high winds from Lake Erie at North Girard, 50 miles west of this city.

CLEVELAND, Oct. 9—Plane No. 45 west bound in the trans-continental aerial derby fell into Lake Erie several miles out of Ashtabula harbor this morning according to a wireless from a Canadian steamahi company received at Martin Field here. Both occupants were picked up and are being brought in, the wireless said. The aviator is Lieut. O. H. Hinds, pilot and Lieut. R. K. Matthews, passenger.

LOCKPORT, N. Y., Oct. 9—Lieut. H. E. Smith in plane No. 48, a De Haviland Liberty, lost his way in a rain storm en route to Rochester from Buffalo and landed in a field at the south end of this city at seven o'clock today. He started again and the field being too short he crashed into an apple orchard wrecking the machine. Lieut. Smith and his passenger escaped unhurt. The machine was wrecked.

SLIGHT IMPROVEMENT OF YESTERDAY IS CONTINUING SAYS DR. GRAYSON

WASHINGTON, Oct. 9—President Wilson's condition is improving slowly, Dr. Grayson said today. The statement issued just before noon said "While there is no material change in the President's condition a slight improvement noted yesterday continues.

WASHINGTON, Oct. 9—President Wilson spent one of the most comfortable nights he has had and is apparently improved according to Secretary Tumulty today.

ALTOONA RAILROADERS STRIKE

ALTOONA, Oct. 9—Seventeen hundred Pennsylvania railroad round house employes struck last night in this city and Hollidaysburg.

LONGSHOREMEN OUT AGAIN

NEW YORK, Oct. 9—Shipping with few exceptions was tied up along the whole New York water front today as the result of an unauthorized walkout of longshore men which began Tuesday. It was estimated today that 35,000 men are one strike.

KING GEORGE EXPECTED TO SIGN PEACE TREATY SOON

LONDON, Oct. 9—Ratification of the peace treaty by King George is imminent it was stated here today.

The family crest of the Greys is a scaling ladder and Viscount Grey, the new British Ambassador at Washington, seems early to have determined to live up to it. For the famous Bishop Creighton, hwo was one of his first tutors, has left it on record that, as a boy of thirteen, he was ensumed with an overmastering desire to learn, and a capacity for hard work that was simply astounding in one so young.

JOHN SHADE

John Shade who died at the home of his daughter in Lock Haven, Pa., on Wednesday, October 1, 1919, was a resident of Clearfield for almost twdo score years. With his family he came to this place about 1882 from Huntingdon county and was employed at the tannery for many years. He was always an industrious, hard-working man and good citiezn, enjoying the unbounded respect and esteem of all who knew him.

Following the death of his good wife in 1913 he removed to Lock Haven where he had since made his home with his daughter. He was 86 years of age at the time of his death.

He is survived by four sons and two daughters viz: James and Edward, of Clearfield: Thomas, of Huntingdon and Augustine, of Portland, Oregon; Mrs E. W. Kennedy, of Jersey Shore, and Mrs. J. E. Haliora, of Lock Haven.

The remains were brought to Clearfield and the funeral held from St. Francis Catholic church with interment in Calvary cemetery.

RECEIVES FINE PROMOTION

Deputy Revenue Collector J. Mitchell Gardiner, of West Market street, was last week promoted by Internal Revenue Collector Llewellyn to the position of General Deputy for the district composed of Clearfield, Cambria, McKean, Elk, and Cameron counties. Mr. Gardner's official title now is General Deputy and he has charge or supervision over all the Deputy Revenue collectors in the five counties named.

LIEUT. PAUL PERICORD NOT KILLED IN ACCIDENT

Several weeks ago a report reached Clearfield that Lieutenant Perigord had been killed in an automobile accident at his home at Stillwater, Minn., and because it was known that Lieutenant Paul Perigord of the French army, who delivered several lectures in this city, lived at Stillwater, it was presumed in some sources that the victim of the accident was the noted hero.

However, word just received from Stillwater, from Lieutenant Paul Perigord's father states that it was his son, Jules Perigord who was killed and not the lieutenant who spoke here.

Lieutenant Paul Perigord is now on duty in a United States army camp in New Hampshire.

FOURTH WARD RESIDENT DIES

James Barone, the aged father of Samuel and Louis Barone, died at the home of his son Louis, on Daisy street early Monday morning last, of the frailties incident to advanced years, in the 85th year of his age.

The deceased was a native of Italy, and came to Clearfield to reside with his sons some twenty one years ago. He was a quiet inoffensive man, well thought of by all who knew him.

He is survived by the two sons named and one daughter, Mrs. Annie Toney, of Buffalo, N. Y.

The funeral occured Wednesay morning, a requiem high mass being celebrated in St. Francis Church. Interment in Calvary Cemetery.

REAMS—BANKS

At the Lutheran Parsonage, by Rev. C. W. Baker, Mr. Harold R. Reams, of Luthersburg, Clearfield county, Pa., and Miss Alma Blanche Banks, of Chambersville, Indiana county, Pa., were united in the holy bonds of Wedlock on Monday morning, October 6th, 1919. The very beautiful and impressive Ring Service of the Lutheran Church was used. The young couple were unattended. The groom had but recently returned from military service overseas. Their many friends join in wishing them many happy years together.

Rev. W. H. B. Carney, D. D., pastor of the DuBois Lutheran Church, is the guest of Rev. C. W. Baker today.

LETTER TO EDITOR

Editor of Progress:

I am a patient of tuberculosis and have been for some time. My first doctor and nurse are both dead, Dr. Stewart and Miss Williams, or Mrs. Clees, of the state sanitarium. I never tried to keep the people from knowing my disease for those who keep it a secret and run around town are the ones who fill the sanitariums. I go to town at times but carry a box to spit in. The disease is not any worse than any other, if the people would not be ashamed of it and tell people they have a cought from cigarettes or a cold. I slept with one of those fellows 5 years ago who told me he only had a cold. He died with the disease some time ago—one of our town boys.

I have been at the Cresson sanitarium twice. It's a good place for a lunger but do not try to blame me for not staying. Not that I think I am better than other people but I am as good, that is why I am not there.

Now there are lots of people who need help in our own town. 1 quart of milk and 2 eggs would be a great help to each patient each day.

I think our people of Clearfield ought to look after some of these cases and get behind these as well as to to help the Jewish people for we need it and there are lots of us who have spent our money here.

FIRST SHOOTING ACCIDENT OF 1919 SEASON

The details of the first fatality in Clearfield county for the hunting season of 1919, in which Fred Fontenoy, of Covington township, lost his life, show that Mr. Fontenoy and a young man named Guenot, his brother-in-law, were hunting in the woods near their home. The two men entered an old mine in the woods with Fontenoy in the lead and Guenot immediately behind him. Fontenoy stepped on a rotten board, which broke with his weight and the rear end flew up, tripping his companion. Guenot stumbled and in the fall, his gun was discharged, the full load of shot striking Fontenoy in the calf of the leg, literally tearing the leg away.

The injured man was conveyed to his home, and as the telephones in the lower end of the county were out of commission, a messenger was dispatched at once to Karthaus for a doctor. The doctor was unable to reach the terribly injured man until more than four hours after the accident, and by that time he was so weak from blood, medical aid was of no avail, and he passed away shortly after.

PAY NO ATTENTION TO ORDINANCE

Automobile drivers pay no attention to the traffic ordinance relative to the operation of all vehicles during the time of a fire or the sounding of the fire alarm. The ordinance provides that all vehicles must stop on the approach of the fire apparatus. Yesterday afternoon, no less than ten violations of this provision were reported by the firemen, and prosecutions are likely in each case.

COLLEGE ORCHESTRA GOES TO PHILIPSBURG

The Susquehanna College of Music orchestra contributed no little part to the success of the play "Experience" last evening, and their performance received much favorable comment, not only from Clearfield people, but from the members of the "Experience" company. The musical director was warm in his praises and engaged the orchestra for the performance this evening in Philipsburg.

BONNIWELL WINS

LANCASTER, Pa., Oct. 8.—Eugene C. Bonniwell, of Philadelphia, was elected president of the Pennsylvania state firemen's association for the fourth time, defeating Howard O. Holstein, of Harrisburg. The vote was Bonniwell 4141 and Holstein 1171.

SUGGESTS ONE MEMBER FROM EACH GROUP OF COUNCIL FORM BODY TO ADJUST DIFFERENCES

TWO MEN AT DONORA SHOT TODAY

WASHINGTON, Oct. 9—Immediate arbitration of the steel strike was proposed to industrial conference today by President Gompers of the American Federation of Labor. Gompers suggests that the conference appoint an arbitration board to mediate the strike and the strikers return to work pending a settlement.

Under Gompers' plan each group in the conference is to select a representative for the steel strike arbitration board.

PITTSBURGH, Oct. 9—Two strikers were shot early today when state police broke up a mob which attacked negro workmen at the plant of the American Steel & Wire company at Donora near here. Many persons were bruised and battered in the clash, some of whom were seriously injured.

Leaders of the strike today protested against the alleged circulation of hand bills in which the strikers are urged to collect benefits due them from strike headquarters. Union leaders declared these bills are distributed by operators in the hope of creating dissension between the strikers and leaders. In some districts strike leaders announce that many foreigners are storming the offices of strike headquarters in compliance with the circulars.

The situation here remains unchanged. Operators assert hundreds of workmen are coming from other cities here to enter the mills. The union leaders maintain their lines are holding.

Secretary William Foster of the national committee declared the raid on union headquarters at Wierton, W. Va., was a concerted scheme to evict striking steel workers.

A western mayor thought he would get a lot of glory out of shouting "To H—— with Kings" when he was asked to invite King Albert to his city. He was mistaken badly. Wonder what our townsman thought when he said "To H—— with the Jews."

DREYFUS 60 YEARS OLD

Sixty years old today is Lieut.-Col. Alfred Dreyfus, who has been decorated as an officer of the Legion of Honor in recognition of his services in the war. Twenty-five years ago, it will be recalled, this same Alfred Dreyfus, then a captain in the French army, was the central figure in a sensational case that long held the attention of the world. It was on December 23, 1894, that he was sentenced to life imprisonment on Devil's Island, following his conviction by court-martial on a charge of selling military secrets to Germany. Following the confession of Col. Henry that he had forged some of the evidence against Dreyfus, a new trial was ordered in 1899. He was, however, again convicted on September 8 of that year and sentenced to ten years' imprisonment. He was pardoned, however, a week later. The Supreme Court of Cassation later found him innocent of the charges against him and he reentered the army with full citizenship restored.

TAKING CARE OF OUR OWN

In this issue we publish a communication from a tuberculosis patient in which it is inferred that sufferers from that malady are not getting the care and attention which they should have. If this be the case, then the charitably inclined of Clearfield have been using long distance glasses in search of good deeds to do and neglecting to take care of the needs around them. Fresh milk and eggs are the daily need of the tubercular person and inasmuch as the sufferer is prevented by his disease from working it behooves the people of the community to see that they get the nourishment and care which they must have to live.

If the people of Clearfield have been derelict in their duty towards these people it is time that we are finding it out and that steps be taken to insure a full daily supply of fresh milk and eggs to these people who by force of circumstances are unable to obtain them. The true state of affairs will be ascertained and if it is found that there has been neglect we are quite certain that Clearfielders will take the necessary steps to relieve.

This local condition should not in any way affect our relations with the Jewish Relief Camaign any more than that it ought to stir us to greater endeavor along these lines.

BALD HEADS AT PEACE TABLE

An amusing sidelight on the recent Peace Conference at Versailles is thrown by an American correspondent, who not only reported the proceedings proper, but took notes regarding the hair, mustaches, beards and whiskers of the peacemakers.

Two-thirds of the delegates were more or less bald. Perhaps some of them made up for this by wearing mustaches. Out of the sixty-five men who sat around the eace table, all had mustaches but fourteen

Whiskers, on the other hand, were not popular. Only three people wore them, and by a curious coincidence, the names of all these three people began with V. They were Venizelos, of Greece, Vandervelde of Belgium, and Vassitch of Serbia. The latter's whiskers were particularly prominent

In regard to dress, here was less formal attire than one might have imagined. The English paid no special attention to dress Bowler hats and frock coats, once a combination that would never have been sanctioned, were quite popular; but there were some countries which put all they knew into their attire. These were, notably, the Japanese and some of the South American states.

Button boots and lace boots, we are told, came out even.

Washing Clothes without Ammonia

Have you ever watched the washwoman at work? If you have you've seen her using heavy yellow soap for this, washing soda for something else and very likely more or less ammonia at all times.

This is because most laundresses haven't learned the dangers of ammonia. It is an alkali—a caustic. Laundries used it once, but their studies of washing compounds and textiles have since taught them better.

The abolishment of ammonias from our laundry is just one of the many refinements and improvements that we have effected for your benefit in recent years.

It explains why we lay so much stress on our superior means of sousing and rinsing in clear soft water and heavy suds of fine white soap.

We relieve you too of all the hard work of washday—give you time for the lighter and pleasanter duties of the household; time for the bigger things that are calling woman.

Telephone us and we will send our driver for your family bundle.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even Chronic cases of 20 to 30 Years standing, with profuse bleeding, have been completely cured in from three to ten days

No discovery of recent year in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists at Miro Pile Remedy

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble

This prescription although taken internally is not digested in the stomach but is rapidly passed on unchanged to the intestines in a short time reaching the exact place where by its soothing, healing action it first allays all inflammation and then by direct contact with all ulcers and piles causes them to heal and disappear forever

It is positively marvelous how speedily it acts Blessed relief often comes in two or three days at most even in cases with profuse bleeding that have resisted all known treatments and operation really wonderful results have been accomplished

The author of this amazing discovery declares all sufferers to know that he does not want a cent of anyone's money unless Miro Pile Remedy decisively conquers even in the worst cases and he has instructed druggist all over the country to guarantee it in every case of blind bleeding or protruding piles

IMPORTANT What is known as itching piles are not piles in the true sense of the word although this condition may accompany a true case of piles For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

U. S. WANTS HELP OF BOYS AND GIRLS

Secretary of Treasury Asks Them to Shape the Nation's Future.

School boys and girls of America have been honored by a direct appeal for assistance from one of the highest officials of the United States Government Carter Glass, Secretary of the Treasury and a member of the President's Cabinet, recognizing that the future of the nation will be controlled a few years hence by the boys and girls of today, has asked them to build up habits of industry and saving which will be a permanent influence for national welfare.

Secretary Glass' appeal reached all school boys and girls of Pennsylvania, New Jersey and Delaware through their teachers on Friday, October 3, which was made National Thrift Registration Day in the schools, when the boys and girls pledged themselves to save money regularly and invest in Government Thrift and Savings Stamps

The War Savings Division of the district is anxious that every boy and girl should possess a copy of the Secretary's letter With the co-operation of the newspapers the letter is now printed in full and every boy and girl is requested to keep this copy of it, study its suggestions carefully and do all in their power to give the Secretary of the Treasury the assistance he so confidently expects from them.

The Secretary of the Treasury.
Washington
September 23, 1919

To the School Boys and School Girls of America.

In addressing the twenty million or more school boys and girls of this country, I am addressing the citizenship—the business and professional men and women, the producers and consumers and the home makers of only a few years hence The responsibility of all the problems of our country will ultimately fall upon you The spirit of patriotism and helpfulness which you displayed during the world war has proved your fitness for your future responsibility Your record in production of needed materials during the war, your saving of food and money, and your investment in Government securities is a record of which every American citizen is justly proud

It is the earnest desire of your Government that you should continue to practice and make permanent those same habits of industry and economy, that through your influence and example America may soon become a Nation of savers and cease to be a wasteful Nation, that this may be a Nation of people who always save some part of their earnings, who spend money with greatest care, and who invest what they save in some safe place

I am glad to see that our school boys and girls have continued during the vacation months to save their money and are buying Thrift and War Savings Stamps, thus laying aside a portion of the money they earn for some future purpose, and while they are continuing to render some service to their Government, they are at the same time providing for their own needs

The habit of earning and saving money is a most interesting and happy one I am sure that this habit has become so fascinating to you that you will continue to earn and to save through all the months and years to come and keep investing what you save in Government securities

It is my personal hope that the lessons of thrift that you are being taught in your school may help you to develop in your life permanent habits of saving and thereby lay a foundation for your personal happiness and usefulness and ultimately for a bigger and better America

Sincerely yours
CARTER GLASS

Extravagance lots character, turns youth away from it On the other hand, the habit of saving money while it stiffens the will also brightens the energies If you would be sure that you are beginning right, begin to save—Theodore Roosevelt

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Samuel Smith was operated on at Clearfield Hospital last Saturday, by Dr. Cowdrick. He stood the ordeal quite well and expects to be very much benefited in health within the next month.

Mr. and Mrs. C. W. Censor, of Niagara Falls, are visitors in the home of Mr. and Mrs. R. V. Miller.

The Ladies' Adult Bible class of the M. E. Church, gave another one of their delightful socials in that edifice Tuesday evening. The event had been staged as a moonlight picnic at the Pee Wee's Nest, but the chilly evenings altered such an arangement, hence the change.

Edward Norris and wife, of Cleveland, came in last evening and will visit in the home of Mr. and Mrs. George Rapp for a week.

The Sphinx Club motored out to the Bungaloo Camp, on the mountains, Saturday evening, making the return trip on Sunday evening. While there they partook of their anniversary banquet, and also laid plans for extensive improvements to their own camp, the Tyramid Lodge. This club has been rapidly gaining in members, and promises to have one of the best camps on the mountain when the hunting season opens up.

Mr. John Blake, superintendent of the P. H. and L. tannery, went to Boston yesterday to transact business in connection with the leather trade.

George Strickland, Jr., was the lucky winner of a $20 pool on the result of yesterday's ball game.

George Bedner employed at No. 19 mine as a "rope rider," escaped instant death Tuesday by a small margin. He was coming out with a trip when one of the cars left the track and threw him in front of the train. He grasped the large cable wire and hung on, the moving cars dragging him along. He knew that if he left go and went to the track it meant his death. He was about exhauseted and ready to give up when the cars came to a sudden stop. The engineer, almost a mile away, felt a jar when the car left the track, and surmising that something was wrong, stopped the trip without waiting for a signal to do so. Bedner received a broken rib, flesh crushed leg and a severe cut under the chin. He was brought to his home and received medical treatment. His escape from instant death certainly was a miracle.

Mr. D. R. Fleming left on Tueslay evening for Minedota, Illinois, to attend the funeral of a sister-in-law, who passed away on Monday.

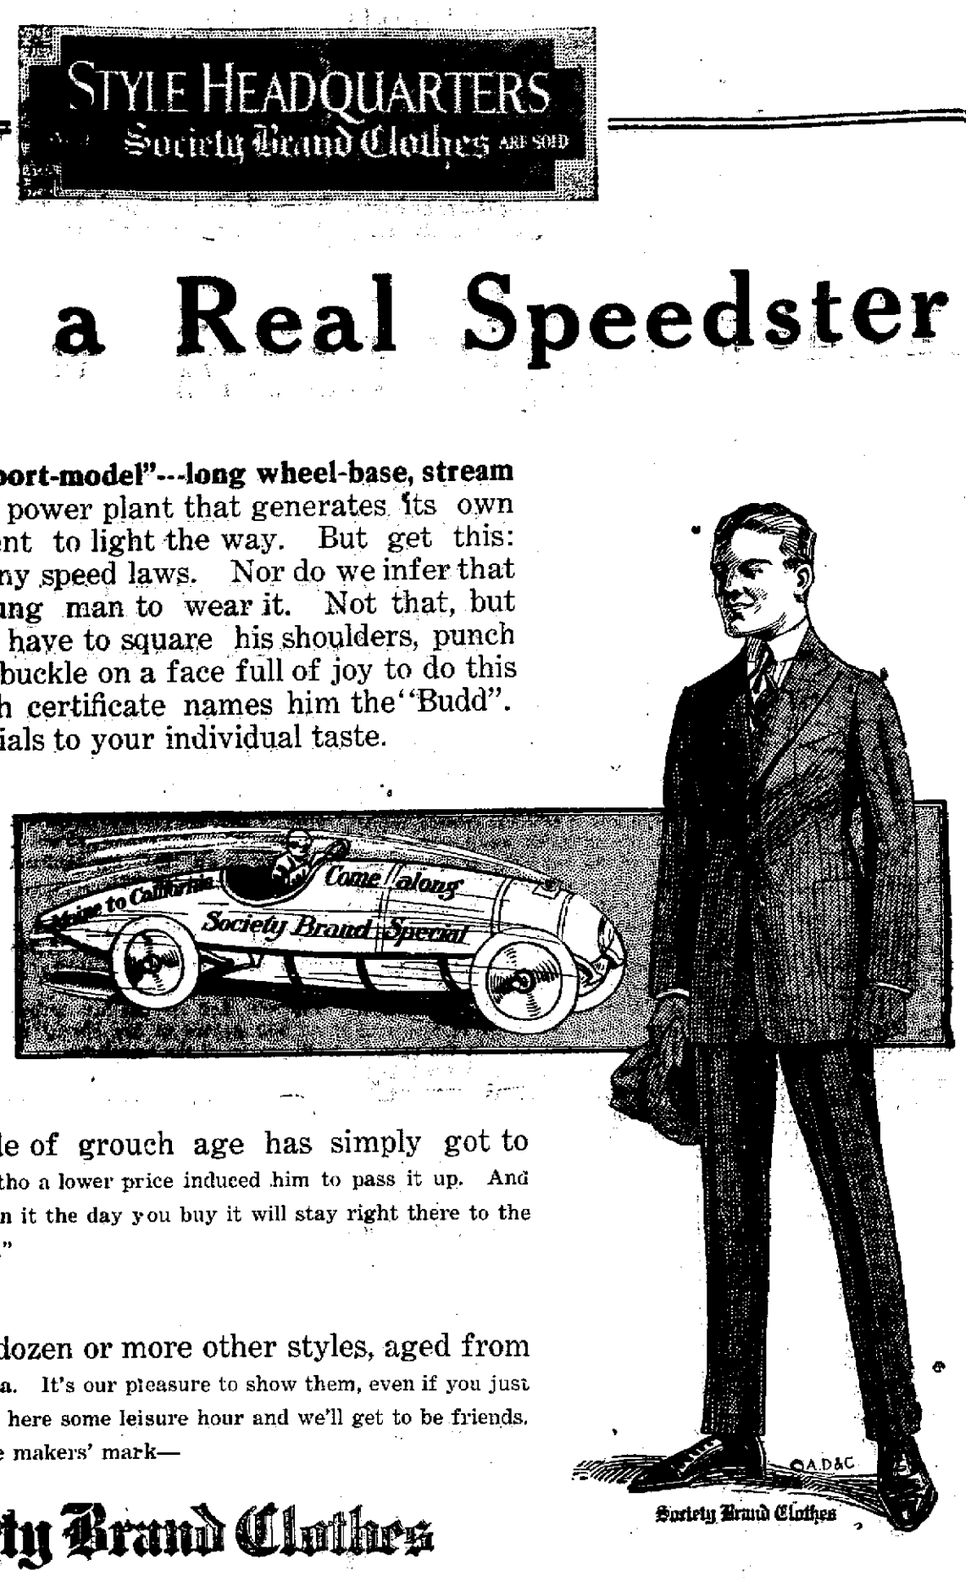
STYLE HEADQUARTERS
Society Brand Clothes ARE SOLD

Here's a Real Speedster

---a humdinger "Sport-model"---long wheel-base, stream-lines, all kinds of power plant that generates its own high tension current to light the way. But get this: It doesn't break any speed laws. Nor do we infer that it takes a fast young man to wear it. Not that, but really a chap will have to square his shoulders, punch out his chest and buckle on a face full of joy to do this suit justice. Birth certificate names him the "Budd". Colors and materials to your individual taste.



Any man this side of grouch age has simply got to admire this Suit, even tho a lower price induced him to pass it up. And the smart stuff that's in it the day you buy it will stay right there to the day you say "well done."

We've a baker's dozen or more other styles, aged from boy in school to grandpa. It's our pleasure to show them, even if you just want to look. Come in here some leisure hour and we'll get to be friends. All our clothes bear the makers' mark—

Society Brand Clothes

Turn Your Headlights On This

---it's the "Grit No. 2"---some Coat!---a sure-enough self-starter for style, with speed to go 'long with that "Budd" fellow. And the girls—Lord bless 'em!—they'll never backfire when you say "Howdy" in this coat.

Lots of others---more or less along sport lines to suit the years of the wearers. Some with fluffy fur collars to turn up against the blasts of Old Man Winter. No end to materials and colors from the smart effects to plain black. Let us fit you into a few of them when you have the time to spare.

M. F. EGAN WRITING K. OF C. HISTORY

Service Men Called for Scholarship Examinations—Employment Service Seeks Many New Jobs.

An official history of the Knights of Columbus for publication in two volumes is nearing completion under the joint editorship of Messrs. Maurice Francis Egan, former United States Ambassador to Denmark, and John B. Kennedy, director of publicity of the Knights.

The first volume will contain two books, one dealing with the origin, growth, fraternal and public activities of the order; the second book being devoted to an exhaustive review of the war work at home and abroad. In the second volume the patriotic services rendered by more than fifty thousand members of the Knights of Columbus in the world war will be commemorated. It will detail the efforts of the soldier-Knights from the United States, Canada, New Foundland, Puerto Rico, Mexico, etc. Dr.

Copyrighted by International.
MAURICE FRANCIS EGAN.
Diplomat and Literateur Who Is Writing Official History of the Knights of Columbus With John B. Kennedy.

Egan is a prolific writer of history, biography, fiction and poetry, and an acknowledged figure in the realm of American literature. Mr. Kennedy is a well known newspaper writer, a contributor of poetry and fiction stories to magazines, and one of the most accomplished publicity producers developed during the war welfare work campaigns.

According to Peter W. Collins, director of the reconstruction and employment service of the Knights of Columbus, the demand of soldiers, sailors and marines for jobs is still to be encountered. The Knights will continue their efforts to find jobs for the men. The work has been intensified in Greater New York, and the big hut located in the Longacre Square section of Broadway is kept open until nine o'clock each evening. One of the reasons why most of the service men appeal to the Knights for jobs is primarily brought about through their policy of refusing to place men in positions which would "run them in a blind alley." The employment service has never placed any of the many thousand men in a job paying less than $18 per week, nor in any kind of work to which the applicant is not suited.

Despite the vigorous protest of the order against the ousting of all welfare workers from the military camps and reservations of the army, there is every indication that the policy of the war department will be invoked. While the government order of taking over the work of welfare societies and putting it in the hands of army officers was directed against other organizations besides the Knights of Columbus, none made any public protest against the contemplated action. The first protest brought letters and telegrams to William P. Larkin, overseas director, from former officers and soldiers urging the order to fight the idea of taking civilian support away. Sentiment of the soldiers favors the Knights.

Several hundred former service men will this week hear the verdict on how they passed the entry examinations held by the different colleges and universities which the Knights of Columbus have selected in their award of one hundred free scholarships to soldiers, sailors and marines.

The scholarships include board, lodging, books and tuition. All of the applicants have been looked after by William J. McGinley, Supreme Secretary of the Knights of Columbus, at New Haven, Conn. One of the unusual cases which came to the attention of Mr. McGinley was a cablegram from a soldier at Coblenz, Germany, asking that his application for an engineering course be considered, which request was granted.

FEMININE HOSIERY

To achieve the right effect in women's apparel, one must have the right hosiery with the right shoes. In other words it is the minor details of a costume, that stamps it as distinctive.

We have just received a shipment of hosiery including every fashionable shade and style, suited to every type of fashionable shoe. These stockings, made of pure silk thread would sell at $2.50 and over if stock had been purchased at present selling prices, but we were fortunate in securing this stock at former prices, and therefore offer them to our patrons at $2.00 and $2.25. Come in white, black, cordovan, grey and covert.

Glass of Salts Cleans Kidneys

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts, which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

A "Steak on Stones" Fry

By Louise Freer
Director of Physical Training for Women
The University of Illinois

Late September is just the time of the year to hike to the woods for a beefsteak fry. Be sure to choose a place where you will find some small stones and where you can build a fire. A party of eight is about the right size for a "steak fry" picnic.

Of course, the most important part of the program is the steak. Buy a porterhouse steak one and one-half inches thick, and large enough to satisfy eight outdoor appetites. Take plenty of plain bread sandwiches and a small, sharp knife for cutting the meat. The rest of the lunch may consist of pickles, fruit, and cookies or whatever you choose.

After a five or six-mile hike in the exhilarating air of a September morning, there will be a unanimous vote for an early dinner. As you gather wood for the fire, collect also stones from five to ten inches in diameter. Put them in the center of the fire where the heat is most intense. In fifteen minutes they will be hot enough for cooking.

Meanwhile cut the steak in pieces the right size for the sandwiches and get ready a supply of small sticks, one end whittled to a sharp point. As soon as the fire begins to die down, roll out the stones with the aid of stout sticks. Grease them with lumps of fat and put the meat on to cook. Turn it every minute or so with the small pointed sticks. Don't forget the salt. Make each girl cook her own. That is half the fun.

Words can't describe the "deliciousness" of a "steak on stones" sandwich. You will soon be ready for another. The stones are still piping hot, so everyone get busy again and cook a "second helping."

When it is all over, there is nothing left but a knife to be carried home by eight gloriously happy and healthfully tired girls.

(Next week: "Stand Tall." Every girl, and every woman too, should read it.)

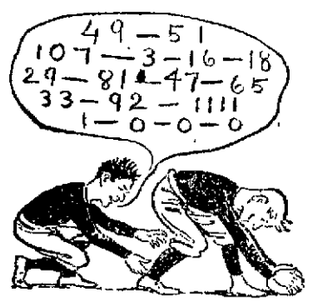
Football Signals

By T. E. Jones, Athletic Director
The University of Wisconsin

Every lad who plays football knows that the one thing that he must guard as closely as the password to his pet lodge, is the system of the signals of his team. Every coach tries to secure a set of signals which will be as clear to his men as they are baffling to the opponents.

The simplest system of signals is the best. They should not be a mathe-



matical problem. The best system is the simple method of numbering each play and then teaching each man his duty in that play, having a different number for every play.

A series of numbers is called, one or perhaps two numbers of the series indicating the play to be called, the other numbers being used as blinds. A simple method is to designate one number of the series, say the third number. The play desired being 15, the series would run—12, 26, 15, 31. This may be easily shifted to the first second, or fourth number by having the quarterback so notify his men.

Another system is to take the sum of the first two numbers. Example, to call play 15, 9-6 5-8, or 8-7-5-2, or 4-11-3-6 would indicate the desired play.

A key number may be used, for example, 12, the number in the series coming next after the key number being the play desired. 16-18-12-15 indicating that play 15 is to be used.

Or you may use the first or second digit of the first number called, with the first or second digit of the second number (21-35-34-42).

Some coaches number both the formation and the play, the first number called being that of the formation so that the players easily fall into place while receiving the number of the play which can then be rushed with a snap.

More important than all the systems is the one fact of being letter perfect in whatever system may be adopted—to be able to receive and execute orders with the promptitude and dispatch of a good soldier, being careful to see that the enemy does not know your countersign and so penetrate into your camp.

PRESIDENTIAL BOOMLETS

By L. C. MARTIN
(United Press Staff Correspondent)

WASHINGTON, Oct. 9—As the rain and wind of springtime beating upon tender growing things give them strength and sturdiness, so the strong blasts of the opposition to the league of nations in the senate are daily helping to strengthen a little presidential boomlet there.

For every speech against the league call for one in defense of it, and those in defense of it are made in great measure by one man. His speaking in behalf of the league has been much more frequent than that of any of his colleagues.

And so, if—and there are many if's in the situation—IF the League of Nations covenant should be forced through the senate without change in spite of the opposition, and

IF President Wilson should decide he won't seek a third term, and

IF McAdoo, Baker and the other democratic possibilities should not be too eager, then

"Why not Hitchcock?" ask his friends.

By whom they mean Senator Gilbert M. Hitchcock, Nebraska, chief spokesman for the administration and the League of Nations in the senate.

Who, ask Hitchcocks friends, would be more logical as president than the man whose sympathy with and understanding of President Wilson's views and purposes regarding the League of Nations have been apparently unbounded?

Hitchcock, they point out, has borne the brunt of the fight in the senate for the league. Almost single handed he has met the assaults of numerous clever opponents, and, in the opinion of his friends, he has parried their thrusts cleverly, at the same time countering with many an effective stroke of his own.

In the United States' new position with relation to the rest of the world, they declare, the coming president must be imbued with a zeal for the success of the league such as, in the view of his friends, Hitchcock has, in a measure equalled by no one in the democratic party except President Wilson himself.

Hitchcock, they declare, is an exponent of the new order, just as Hiram Johnson is of traditional Americanism; and among them lurks the hope that President Wilson, if he does not himself desire another term, will speak a word in the right quarters when the time comes, in behalf of his chief lieutenant in the league campaign.

Y. M. C. A. NOTES

Every man and boy of Clearfield should see the wonderful exhibit at the Association on "Keeping Fit" sent from the State Health Department.

You are all invited to the free entertainment on Friday evening in the Y. M. C. A. gymnasium. Good music, readings, songs and gymnasium stunts. Get the official World series scores by innings. It also gives the runs and hits just as they are made. Look for it on the big bulletin board in front of the "Y".

Any boy wishing to work out a membership ticket should hand his name in at the office.

You will find all the late magazines and papers in the library or reading room of the association.

Join the "Drop-in" Bible class to be held at the Y. M. C. A. this winter.

To Darken Hair Apply Sage Tea

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and youthfullness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

FOR MEN WHO WORK HARD

Factory workers, railroad men, farmers, miners, mill employees and all men who work at hard, straining physical labor are more or less subject to kidney trouble. Nature gives warning signals by frequent lameness, stiff joints, sore muscles, backache and rheumatic pains. J.G. Wolf, Green Bay Wis., writes: "Foley Kidney Pills relieved me of a severe backache, that had bothered me for several months. A few bottles fixed me up in good shape." Sold everywhere.

CARD OF THANKS

The children of the late John Shade take this means of returning heartfelt thanks for the kindnesses shown them during the death and funeral of their beloved father.

Queer uses are made of the intestines of the walrus and the sea-lion. The Eskimos make the former into sails for their boats, and the latter they slit and stitch together to form hooded coats that are far superior to rubber as waterproof garments.

A fly on a window-pane will crawl to the top, fly back to the bottom, and crawl up again. This order is seldom reversed. It is on record that a fly crawled up a window-pane 92 times, returning each time to the same place.
